ANNEXURE F

SUPPLIER PERFORMANCE REVIEW

When entering into a contract with NTCSA, contractor/ supplier performance management will be done to realize the contemplated outcomes. NTCSA will monitor the performance of the contractor/supplier for the duration of the contract, as part of the contractor performance review process. The contractor/supplier agrees to participate in the performance evaluation that NTCSA has adopted. NTCSA will use a performance evaluation tool attached as **Appendix 1 - TPD Contractor Evaluation Tool Rev 16_excel** as the basis for assessing whether the contractor/supplier has met the performance expectations applicable to the awarded contract. NTCSA will periodically review the performance of the contractor/supplier as and when required at any stage while the contract remains in force.

The performance tool (Appendix 1 - TPD Contractor Evaluation Tool Rev 16_excel) sets out:

- *The performance objectives and targets that must be met by the contractor/supplier in accordance with the weighting allocated to each objective.*

NTCSA will inform the contractor/supplier about the specific performance indicators that will be included in the performance management system as applicable to the contractor/supplier.

The performance schedule or agreeing to participate in the performance management system shall not diminish the obligations, duties or accountabilities of the contractor/supplier in terms of the contract or other rights of the Employer.”

Appendix 1 - TPD Contractor Evaluation Tool Rev 16_excel identifies the minimum threshold that must be achieved and maintained. Failure to achieve and maintain a minimum score as stipulated in the tool, NTCSA reserves its rights to refer the contractor/supplier to place an embargo/moratorium on the contractor/supplier to receive further contracts with NTCSA.

LIST OF PRE-VETTED GUARANTORS AS AT 31 July 2024

Please take careful note of the following when using this list:

1. This list contains the names of entities from whom Eskom will accept guarantees without a specific further vetting process by Eskom Treasury, as they have been pre-vetted.
2. It does not mean that Eskom will not accept guarantees issued by other entities. For an entity to be considered for approval, it must meet a minimum credit rating from rating agencies. (National scale rating: za.A- or A3.za. Foreign currency rating: BBB- or Baa3)
3. It does mean, however, that since Eskom cannot accept any guarantees without the approval of its Treasury, such other entities will be subject to a vetting process by Treasury, which can take up to 12 (twelve) weeks.
4. Vetting means that at the end of the evaluation, it may appear that the entity is not acceptable for any number of reasons and that Treasury does not accept the guarantee.
5. This will mean that the bid can be marked non-responsive on this issue, i.e. the lack of an acceptable guarantee, and may not be evaluated further.
6. By providing a guarantee from an entity that will be subject to Treasury vetting, the bidder accepts this risk.
