BID NAME : APPOINTMENT OF NOT MORE THAN 3 SERVICE PROVIDER FOR SUPPLY, DELIVERY AND INSTALLATION OF SERVICES OF ENGINEERING TECHNICAL DESIGNS FOR CLOSURE AND REHABILITATION OF KOSTER AND SWARTRUGGENS LANDFILL SITE.

The purpose of this letter is to present the specification presented to the Bid Specification Committee Meeting held on 01 October 2026 to the Accounting Officer for approval.

Kgetlengrivier Local Municipality (the Municipality) is a Category B municipality within the Bojanala Platinum District, North West Province, serving the towns of Koster, Swartruggens and Derby and the surrounding rural and farming areas. The Municipality is responsible for the provision, upgrading and maintenance of bulk and reticulation infrastructure for water, sanitation, electricity, roads and stormwater, waste management and community facilities, and for the facilitation of local economic development and integrated human settlements.

The infrastructure backlogs and refurbishment needs recorded in the Integrated Development Plan (IDP) substantially exceed the funding available through the equitable share, the Municipal Infrastructure Grant (MIG) and the other conditional grants allocated to the Municipality through the annual Division of Revenue Act (DoRA). A number of priority projects cannot proceed because they have not been packaged to the standard required by funders and because alternative funding sources have not been pursued in a structured manner.

The Technical and Infrastructure Development Services Directorate and the Planning and Local Economic Development Directorate, as joint lead directorates under the leadership of the Accounting Officer, therefore intend to appoint a panel of professional service providers, at risk, to package priority municipal infrastructure, human settlements and economic development projects to a bankable standard and to mobilise funding for their implementation from sources other than the Municipality's own budget and its existing conditional grant allocations. Where funding is secured through the efforts of a service provider, that service provider will be appointed on a turnkey basis to design, implement and commission the funded project, subject to the conditions set out in these Terms of Reference.

1. OBJECTIVES OF THE APPOINTMENT

The objectives of this appointment are to:

- a. Establish a credible pipeline of packaged and bankable projects aligned to the IDP, the Spatial Development Framework and the Local Economic Development Strategy;
- b. Mobilise grant, concessional, development finance, private sector and blended funding for the implementation of those projects without recourse to the Municipality's operating or capital budget;
- c. Accelerate the delivery of infrastructure that improves service delivery, protects municipal revenue and supports local economic development;
- d. Transfer skills in project packaging and funding mobilisation to the Technical and Infrastructure Development Services and Planning and Local Economic Development Directorates over the contract period.

2. SCOPE OF SERVICES

The appointment is at risk. The services will be rendered in four phases. Phases 1 to 3 are rendered at the service provider's own cost and risk. Phase 4 is conditional on funding being secured.

- Phase 1: Project identification and prioritisation. In consultation with the Project Steering Committee, review the IDP, the Spatial Development Framework, the Local Economic Development Strategy, sector master

plans, infrastructure asset registers and the capital investment framework; identify and prioritise projects suitable for external funding; and prepare a project pipeline register for approval by the Municipality.

- Phase 2: Project packaging. For each project assigned by the Municipality, prepare the documentation required by the targeted funder to funding application standard, which may include needs assessments, pre-feasibility and feasibility studies, technical concept and preliminary designs, cost estimates and financial models, socio-economic impact assessments, environmental screening and regulatory compliance road maps, institutional and operations and maintenance arrangements, risk assessments and business cases.
- Phase 3: Funding mobilisation. Identify and map all suitable funding sources; prepare and submit funding applications and proposals in the name of the Municipality; engage with funders, national and provincial departments, development finance institutions and private investors; respond to funder due diligence requirements; negotiate funding terms for consideration by the Municipality; and secure written funding approval. The Municipality will indicate the funding sources that may not be pursued, including the MIG and any other conditional grant already allocated to the Municipality in terms of DoRA.
- Phase 4: Implementation (turnkey). On written confirmation that the funding has been secured and accepted by Council, and subject to the conditions of the funder and applicable legislation, the service provider will be responsible for detailed design, procurement and management of contractors and suppliers, construction management and supervision, quality assurance, occupational health and safety compliance, commissioning, training of municipal personnel, and handover of the completed project with as-built documentation and operations and maintenance manuals.

3. PROJECT CATEGORIES

Projects will be assigned in the following categories, without limitation:

- a. Electricity projects, smart metering and revenue enhancement;
- b. Civil engineering projects, including water, sanitation, roads and storm water;
- c. Local economic development and agricultural projects;
- d. Integrated human settlements development projects;
- e. Community projects and facilities;
- f. Information and communication technology projects;
- g. Other municipal infrastructure projects;
- h. Waste management projects.

4. ROLE AND OBLIGATIONS OF THE MUNICIPALITY

The Municipality will:

- a. Provide direction, in terms of the IDP, on the location, type and priority of projects and on the funding sources that may not be approached;
- b. Establish a Project Steering Committee, co-chaired by the Director: Technical and Infrastructure Development Services and the Director: Planning and Local Economic Development and comprising representatives of the Budget and Treasury Office and other affected directorates, to assign projects, monitor progress and consider recommendations;
- c. Make available existing plans, studies, data and records reasonably required for the services;
- d. Facilitate the Council resolutions, letters of support and funding acceptance decisions required, and ensure that any funding agreement is concluded in compliance with the Municipal Finance Management Act;

- e. Retain final decision-making authority over all project, funding and implementation matters.

5. NATURE OF THE APPOINTMENT AND NUMBER OF SERVICE PROVIDERS

- a. The Municipality will appoint a maximum of three (3) service providers, at risk, to a panel for a period of thirty-six (36) months.
- b. Appointment to the panel does not guarantee the assignment of any project or any income. Projects will be assigned by the Project Steering Committee on the basis of the service provider's demonstrated capability in the relevant category, available capacity and performance on previously assigned projects.
- c. The Municipality will incur no financial liability for services rendered under Phases 1 to 3. No retainer, disbursement or preparation cost will be paid by the Municipality.
- d. Appointment for Phase 4 in respect of any project is conditional on funding being secured through the efforts of the service provider, on the funder's conditions permitting such appointment, and on compliance with section 217 of the Constitution, the Municipal Finance Management Act and the Municipality's Supply Chain Management Policy. Where a funder requires a separate competitive process for implementation, that requirement will prevail.
- e. Appointment to the panel does not confer exclusivity. The Municipality may pursue funding for any project through its own efforts or through other arrangements.

6. DELIVERABLES AND REPORTING

- a. Inception report and work plan within thirty (30) calendar days of signature of the Service Level Agreement;

- b. Project pipeline register, updated quarterly;
- c. Project packaging documentation for each assigned project, as described under Phase 2;
- d. Funding applications submitted, funder correspondence and a funding mobilisation status register;
- e. Monthly progress reports to the Director: Technical and Infrastructure Development Services and the Director: Planning and Local Economic Development, and quarterly reports to the Accounting Officer, in the format prescribed by the Municipality;
- f. For funded projects, implementation programmes, monthly project reports, completion certificates, close-out reports and as-built documentation.

7. KEY PERSONNEL

The service provider must make available, for the duration of the contract, the key personnel evaluated under the functionality criteria. Substitution of key personnel is permitted only with the prior written approval of the Municipality and only with personnel of equivalent or higher qualification and experience.

8. REMUNERATION AND PRICING BASIS

- a. The Municipality will not pay any fee for Phases 1 to 3 from its own funds. Remuneration for project packaging and funding mobilisation will be a success fee, expressed as a percentage of the funding actually secured and paid over for a project, and payable only where and to the extent that the funding agreement permits such fee to be met from the funding secured or from another source approved by Council.

- b. Professional fees for Phase 4 services will be based on the Guideline for Professional Fees published by the Engineering Council of South Africa (ECSA) in the Government Gazette and will be funded from the project funding secured.
- c. Bidders must state in the Pricing Schedule (MBD 3.1) the success fee percentage tendered for Phase 3 and the percentage discount, if any, offered on the ECSA guideline fee scale for Phase 4. The success fee percentage tendered will constitute the price for the purposes of the calculation of price points.
- d. All fees are inclusive of VAT and all disbursements. No escalation will apply for the duration of the contract.

9. DURATION OF CONTRACT

The contract is envisaged to subsist for a period of three (3) years from the date of confirmation of appointment of the service provider. The contract will be reviewed annually and may be cancelled at any stage based on the performance of the service provider.

10. PAYMENTS

All payments due will be made to the service provider within thirty (30) days of receipt of a valid invoice supported by the relevant deliverables and, in the case of a success fee, proof that the funding has been received. All invoices must be submitted by the 10th of each month.

11. SERVICE LEVEL AGREEMENT

- a. A service level agreement will be entered into with each successful bidder.

- b. Negotiations in respect of the service level agreement must be finalised within fourteen (14) calendar days of receipt of the letter of acceptance by the successful bidder.
- c. The service level agreement entered into with the successful bidder will capture the time frames, deliverables and performance standards applying to this contract.
- d. Should no consensus be reached within fourteen (14) calendar days of commencing negotiation of the Service Level Agreement (SLA), the Municipality will be entitled to:
 - i) cancel its acceptance of the bid, or ii) extend the negotiation period without prejudice to any of its other rights in terms of this contract or common law.

12. BID VALIDITY

This bid shall not be withdrawn during a period of ninety (90) days from the date on which it is to be lodged, and it may be accepted at any time during that period.

13. BID COMPLIANCE

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
