Revision no.	00

No	CATEGORY	CLARIFICATION QUESTION	TRANSNET PIPELINES RESPONSE
01	Motor Specifications	* Please provide the following details of the motor to quote (number 11 on the list): - Kilowatts - RPM/Speed - Voltage required - Mounting - B3 or B5 or B14	* No quotation / formal pricing is required on this tender. The tender has been issued for new entrants wishing to be placed on Transnet Pipelines Standing Approved List as per the items set out in "Annexure A" that was uploaded on National Treasury and Transnet e-Tender Portal. Tenderers are to satisfy the substantive criteria of submitting the <u>fully completed</u> "Annexure A" with either evidence of valid proof of OEM Certification or an Approved Agent of OEM on items being applied for.
02	Pump Information	* We would like to know the exact pump model so that we can accurately quote you. Could you please advise the pump serial number or send us the pump nameplate photo.	* Same response as detailed in number 1 above.
03	Manufacturer and Distributor Information	* In regards to the OEM, there is limited space on the (Name of the Manufacturer and Distributor) is it a must to specify both?	* It is not necessary to specify both as it is highly likely that the information would be the same.
04	OEM Letter	* The OEM if a Supplier is my point of contact, can I just get a letter from them specifying that they will be my primary Supplier, if so do they need to specify which items they will be supplying or it's not necessary	* Transnet Pipelines specifically requires an OEM Certification Letter or a letter stating that you are an Approved Agent of the OEM - no intermediaries will be considered.
05	Datasheets	* Please provide datasheets for line item 45, 46, 47 and 62	* No datasheets are being issued for this tender. The substantive criteria is for the new entrant to submit valid proof of OEM Certification or an Approved Agent of the OEM for the specific item/s applying for.
