DEFINITIONS

In this Request for Proposal, unless a contrary intention is apparent:

Business Day means a day which is not a Saturday, Sunday or public holiday.

Bid means a written offer in a prescribed or stipulated form lodged by a Bidder in response to an invitation in this Request for Proposal, containing an offer to provide goods, works or services in accordance with the Specification as provided in RFP Part B.

Bidder means a person or organisation that submits a Bid

Closing Time means the time, specified as such under the clause "Indicative Timetable" of this RFP Part A, by which Tenders must be received.

Draft Status means an incomplete tender submission by closing date and time

Evaluation Criteria means the criteria set out under the clause "Evaluation Criteria Format" of this RFP Part A.

GMA means the Gautrain Management Agency; a PFMA Schedule 3(C) listed Provincial Public Entity, established in terms of the GMA Act No. 5 of 2006.

Intellectual Property Rights includes copyright and neighbouring rights, and all proprietary rights in relation to inventions (including patents) registered and unregistered trademarks (including service marks), registered designs, confidential information (including trade secrets and know how) and circuit layouts, and all other proprietary rights resulting from intellectual activity in the industrial, scientific, literary or artistic fields.

Member means an employee of the GMA.

Proposed Contract means the agreement including any other terms and conditions contained in or referred to in this RFP that may be executed between the GMA and the successful Bidder.

Project means the appointment of a panel of advisors to assist the Enterprise Portfolio Management Office (EPMO) unit in providing project management, technical and specialist services including but not limited to Engineering, environmental management, quantity surveying, land and urban

planning, transport infrastructure and/or service rail sector, on as and when required basis, for a period of five (5) years.

Request for Proposal or **RFP** means this document (comprising each of the parts identified under RFP Part A, Part B, Part C and Part D) including all annexure and any other documents so designated by the GMA.

Services means the services required by the GMA, as specified in this RFP Part B.

Service Provider means successful bidder appointed and contracted by GMA.

Specification means any specification or description of the GMA's requirements contained in this RFP Part B.

State means the Republic of South Africa.

Statement of Compliance means the statement forming part of a Tender indicating the Bidders compliance with the Specification.

Submitted Status means a complete bidders' tender submission by closing date and time.

TendaSwift means an electronic procurement (e-Procurement) web-based system that facilitates complete bidding process from the advertising of the requirement through to the award of contract. This includes the exchange of all relevant documents in electronic format.

Tendering Process means the process commenced by the issuing of this Request for Proposal and concluding upon formal announcement by the GMA of the selection of a successful Bidder(s) or upon the earlier termination of the process.

Website means the website administered by GMA located at www.gma.gautrain.co.za

INTERPRETATIONS

In this RFP, unless expressly provided otherwise:

A reference to:

- (a) "includes" or "including" means includes or including without limitation; and
- (b) "R" or "Rands" is a reference to the lawful currency of the Republic of South Africa.

INTRODUCTION

1. The Gautrain Management Agency (GMA) is a PFMA Schedule 3(C) listed provincial public entity which has been established in terms of the GMA Act No. 5 of 2006. The GMA is substantially funded from the Provincial Revenue Fund in order to carry out the following strategic objectives:
 - Assist the Gauteng Provincial Government (GPG) in implementing Gautrain and achieving the Project's objectives.
 - Act on behalf of GPG in managing the relationship between Province and the Concessionaire in terms of the Concession Agreement and ensure that the interests of Province are protected.
 - Enhance the integration of Gautrain with other transport services and Public Transport Plans.
 - Promote and maximise the Socio-Economic Development and B-BBEE objectives of the GPG in relation to Gautrain.
 - Liaise with and promote co-operation between government structures in all three spheres of Government in relation to Gautrain.
 - Liaise with persons having an interest in the project.
 - Manage assets relating to Gautrain and promote their preservation and maintenance.
 - Manage the finances of the Gautrain Project and the financial securities provided by the Concessionaire.
 - Monitor the policy and legislative environment of the Gautrain Project
2. The Bombela Concession Company (RF) (Pty) Ltd (BCC or the Concessionaire) entered into a Concession Agreement with the Gauteng Province (Province) for the design, partial finance, construction, operation, and maintenance of the Gautrain Rapid Rail Link until 27 March 2026. The Operations Commencement Date (OCD) 1 started on 08 June 2010 for the section between Sandton station and ORTIA station. Extended Phase (EP) 1 services commenced on 02 August 2011 between Hatfield and Rosebank stations. The Operations Commencement Date 2 services commenced on 07 June 2012 between Rosebank and Park stations, in so doing

providing a complete service between Park and Hatfield stations. At the end of the concession period, the Concessionaire shall transfer the Gautrain System to the GMA.

3. The GMA is inviting responses to this Request for Proposal (reference number GMA/003/26) in order to appoint suitably qualified panel of advisors to provide project management, technical and specialist services including but not limited to engineering, environmental management, quantity surveying, land and urban planning, transport infrastructure and/or service rail sector on as and when required basis, for a period of five years as specified in this RFP PART B – Terms of Reference.
4. The appointments of the successful service providers are subject to conclusion of service level agreements between the GMA and the service providers.

RFP OBJECTIVES

The objective of the tender is to appoint a panel of advisors to provide project management, technical and specialist services including but not limited to engineering, environmental management, quantity surveying, land and urban planning, transport infrastructure and/or service rail sector on as and when required basis, for a period of five (5) years.

INDICATIVE PROJECT TIMETABLE

ACTIVITY	DATE
Issue of RFP	03 September 2026
Online Compulsory Briefing Session Date	18 September 2026
Online Compulsory Briefing Session Time	10h00 – 12h00
Closing Date for submitting questions	21 October 2026
Closing Date and Time	30 October 2026 at 11h00
Intended completion of evaluation of tenders	26 February 2027
Intended formal notification of successful Bidder	15 March 2027
Effective date of contract	01 May 2027

**This timetable is provided as an indication of the timing of the tender process. It is indicative only and subject to change by the GMA. Bidders are to provide proposals that will allow achievement of the intended commencement date.*

SUBMISSION OF TENDERS

Web-based Online Submission (Compulsory)

GMA has implemented an automated tender system ("TendaSwift") as part of its digitization strategy. TendaSwift is an electronic procurement (e-Procurement) web-based system that facilitates complete bidding process from the advertising of the requirement (tender) through to the award of contract. This includes the exchange of all relevant documents in electronic format through a secure platform with data security and probity features.

Proposal Submission	All bids must be submitted through a secure web-based TendaSwift system. To avoid any challenges that may affect submitting a bid on time, Bidders should at least ensure that they <u>are registered in TendaSwift and ready to submit bid documents 48hours before closing date and time; and after registration, complete submission of all bid documents at least 5 hours before closing date and time.</u> GMA takes no responsibility for any Bidder's failure to successfully submit a bid by closing date and time. NO BIDS MAY BE PHYSICALLY SUBMITTED AT GMA OFFICES.
Access to TendaSwift	https://eprocurement.gautrain.co.za/ PLEASE NOTE: THE MAXIMUM SIZE FOR SUBMIT BIDS IS 50MB PER ATTACHMENT
Hours of access to TendaSwift	24hours/7days. Submission of bid proposal will automatically close at 11h00 on 30 th of October 2026
Data Format	PDF files only may be uploaded
Enquiries	For TendaSwift system related problems contact IT Helpdesk on TendaSwift_helpdesk@gautrain.co.za For Tender Queries contact SCM on tenderenquiries@gautrain.co.za

TendaSwift Bid Submission Status (Draft or Submitted)	Bidders must upload all their tender documents on TendaSwift and click the "Submit" button before the deadline. This will ensure the bid submission reflects the submitted status and generate a bid submission receipt email. Bids in draft status at the deadline will be considered as non-submission.
--	---

RULES GOVERNING THIS RFP AND THE TENDERING PROCESS

APPLICATION OF RULES

5. Participation in the tender process is subject to compliance with the rules contained in this RFP Part A.
6. All persons (whether or not a Participant in this tender process) having obtained or received this RFP may only use it, and the information contained therein, in compliance with the rules contained in this RFP Part A.
7. All Bidders are deemed to accept the rules contained in this RFP Part A.
8. The rules contained in this RFP Part A apply to:
 - a. The RFP and any other information given, received or made available in connection with this RFP, and any revisions or annexure;
 - b. the Tendering Process; and
 - c. any communications (including any briefings, presentations, meetings and negotiations) relating to the RFP or the Tendering Process.
 - d.

REQUEST FOR PROPOSAL

STATUS OF REQUEST FOR PROPOSAL

9. This RFP is an invitation for service provider/s to submit a proposal(s) for the provision of the services as set out in the Specification contained in this RFP Part B. Accordingly, this RFP must not be construed, interpreted, or relied upon, whether expressly or implied, as an offer capable of acceptance by any person(s), or as creating any form of contractual, promissory or other rights.
10. No binding contract or other understanding for the supply of the Services will exist between the GMA and any Bidder unless and until the Agency has executed a formal written contract with the successful Bidder.

ACCURACY OF REQUEST FOR PROPOSAL

11. Whilst all due care has been taken in connection with the preparation of this RFP, the GMA makes no representations or warranties that the content in this RFP or any information communicated to or provided to Bidders during the Tendering Process is, or will be, accurate, current or complete. The GMA, and its officers, employees and advisors will not be liable with respect to any information communicated which is not accurate, current or complete.
12. If a Bidder finds or reasonably believes it has found any discrepancy, ambiguity, error or inconsistency in this RFP or any other information provided by the GMA (other than minor clerical matters), the Bidder must promptly notify the Agency in writing (by e-mail to the address tenderenquiries@Gautrain.co.za) of such discrepancy, ambiguity, error or inconsistency in order to afford the GMA an opportunity to consider what corrective action is necessary (if any).
13. Any actual discrepancy, ambiguity, error or inconsistency in this RFP or any other information provided by the GMA will, if possible, be corrected and provided to all Bidders without attribution to the Bidder who provided the written notice.

ADDITIONS AND AMENDMENTS TO THE RFP

14. The GMA reserves the right to change any information in, or to issue any addendum to this RFP before the Closing Time. The GMA and its officers, employees and advisors will not be liable in connection with either the exercise of, or failure to exercise this right.
15. If the GMA exercises its right to change information in terms of clause 22, it may seek amended Tenders from all Bidders.

REPRESENTATIONS

16. No representations made by or on behalf of the GMA in relation to this RFP will be binding on the GMA unless that representation is expressly incorporated into the contract ultimately entered into between the GMA and the successful Bidder.

CONFIDENTIALITY

17. All persons (including all Bidders) obtaining or receiving this RFP and any other information in connection with this RFP or the Tendering Process must keep the contents of the RFP and other such information confidential, and not disclose or use the information except as required for the purpose of developing a proposal in response to this RFP.

COMMUNICATIONS DURING THE TENDERING PROCESS

REQUESTS FOR CLARIFICATION OR FURTHER INFORMATION

18. All communication and attempts to solicit information of any kind relative to this tender should be in writing and channelled to the Supply Chain Management Unit via TendaSwift and response will be provided on the same platform.
19. Any communication by a Bidder to the GMA will be effective upon receipt by the SCM Unit (provided such communication is in the required format).

20. The GMA has restricted the period during which it will accept questions or requests for further information or clarification and reserves the right not to respond to any enquiry or request, irrespective of when such enquiry or request is received.
21. Except where the GMA is of the opinion that issues raised apply only to an individual Bidder, questions submitted and answers provided will be made available to all Bidders by e-mail, as well as on the GMA's TendaSwift portal without identifying the person or organisation which submitted the question.
22. In all other instances, the GMA may directly provide any written notification or response to a Bidder by email to the address of the Bidder (as notified by the Bidder to the SCM Unit).
23. A Bidder may, by notifying the SCM Unit in writing, withdraw a question submitted in accordance with clause 30, in circumstances where the Bidder does not wish the GMA to publish its response to the question to all Bidders.

UNAUTHORISED COMMUNICATIONS

24. Bidders may not contact (including promotional or advertising activities) any GMA staff or Advisors of GMA except through the channel in clause 21 above on any matter pertaining to the bid from the time when the bid is advertised to the time the bid is awarded. Communicating with any GMA staff or Advisors of GMA except through the channel in clause 21 above will be perceived as an effort by a bidder to influence bid evaluation, bid comparisons or bid award decisions in any manner, and will result in rejection of the bid concerned. Nothing in this clause is intended to prevent communications with staff of, or advisors of the GMA to the extent that such communications do not relate to this RFP or the Tendering Process.
25. Bidders must not otherwise engage in any activities that may be perceived as, or that may have the effect of, influencing the outcomes of the Tendering Process in any way.

IMPROPER ASSISTANCE, FRAUD AND CORRUPTION

26. Bidders may not seek or obtain the assistance of employees, contractors or advisors of the GMA in the preparation of their tender responses, except where contractors or advisors are participating in the tender in which case the Bidder must disclose such participation in its tender by declaring their possible interest or conflict in the relevant SBD 4 form.
27. The GMA may in its absolute discretion, immediately disqualify a Bidder that it believes has sought or obtained such improper assistance.
28. Bidders are to be familiar with the implications of contravening the Prevention and Combating of Corrupt Activities Act, No. 12 of 2004 and any other relevant legislation.
29. Bidders are encouraged to stop crime at the GMA in its tracks and report it anonymously to: telephone: **0800 222 585** or SMS **33490** or email: gautrain@whistleblowers.co.za or **Whistle Blowers App** (<https://www.whistleblowing.co.za/download-app/>)

ANTI-COMPETITIVE CONDUCT

30. Bidders and their respective officers, employees, agents and advisors must not engage in any collusion, anti-competitive conduct or any other similar conduct in respect of this Tendering Process with any other Bidder or any other person(s) in relation to:
- a. The preparation or lodgement of their Tender
 - b. the evaluation and clarification of their Tender; and
 - c. the conduct of negotiations with the GMA.
31. For the purposes of clause 38, collusion, anti-competitive conduct or any other similar conduct may include disclosure, exchange and clarification of information whether or not such information is confidential to the GMA or any other Bidder or any other person or organisation.
32. In addition to any other remedies available to it under law or contract, the GMA may, in its absolute discretion, immediately disqualify a Bidder that it believes has engaged in any

collusive, anti-competitive conduct or any other similar conduct during the entire Tendering Process.

COMPLAINTS ABOUT THE TENDERING PROCESS

33. Any complaint about the RFP or the Tendering Process must be submitted to the SCM Unit in writing, (preferably by email: tenderenquiries@gautrain.co.za), immediately upon the cause of the complaint arising or becoming known to the Bidder.
34. The written complaint must set out:
- a. The basis for the complaint, specifying the issues involved;
 - b. how the subject of the complaint affect the organisation or person making the complaint;
 - c. any relevant background information; and
 - d. the outcome desired by the person or organisation making the complaint.
35. If the matter relates to the conduct of an official, employee or advisor of the GMA, the complaint should be addressed in writing marked for the attention of the Chief Executive Officer of the GMA, and delivered to the physical address of the GMA, as notified.

CONFLICT OF INTEREST

36. A Bidder must not, and must ensure that its officers, employees, agents and advisors do not place themselves in a position that may give rise to actual, potential or perceived conflict of interest between the interests of the GMA and/or the Gauteng Provincial Government and the Bidders interests during the Tender Process.
37. The Bidders Response in this RFP Part C requires the Bidder to provide details of any interests, relationships or clients which may or do give rise to a conflict of interest in relation to the supply of the services under any contract that may result from this RFP.
38. If the Bidder submits its Tender and a subsequent conflict of interest arises, or is likely to arise, which was not disclosed in the Tender, the Bidder must notify the GMA immediately in writing of that conflict.

39. The GMA may immediately disqualify a Bidder from the Tendering Process if the Bidder fails to notify the GMA of the conflict as required.

LATE TENDERS

40. Tenders must be lodged by the Closing Date and Time electronically in TendaSwift. TendaSwift system will automatically lock at the Closing Date and Time. Late bids will not be accepted or considered.
41. The determination of the GMA as to the actual time that a Tender is lodged is final.

TENDER DOCUMENTS

BIDDERS RESPONSIBILITIES

42. Bidders are responsible for:
- a. Examining this RFP and any documents referenced or attached to this RFP and any other information made or to be made available by the GMA to Bidders in connection with this RFP;
 - b. fully informing themselves in relation to all matters arising from this RFP, including all matters regarding the GMA's requirements for the provision of the Services;
 - c. ensuring that their Tenders are accurate, complete and submitted on TendaSwift;
 - d. making their own enquiries and assessing all risks regarding this RFP, and fully considering and incorporating the impact of any known and unknown risks into their Tender;
 - e. ensuring that they comply with all applicable laws in regard to the Tendering Process particularly as specified by National Treasury Regulations, Guidelines, Instruction Notes and Practice Notes and other relevant legislation as published from time to time in the Government Gazette;
 - f. submitting proof of registration on National Treasury Centralised Supplier Database and all other returnable documents as listed on the Checklist; and

- g. Failure to provide the required information could result in disqualification of the bidder.

PREPARATION OF TENDERS

43. Bidders must ensure that:

- a. Their Tender is submitted in the required format as stipulated in this RFP Part A; and
- b. all the required information fields in RFP Part C are completed in full and contain the information requested by the GMA.

Note to Bidders: *The GMA may in its absolute discretion reject a Tender that does not include the information requested.*

44. Unnecessarily elaborate responses or other presentations beyond that which is sufficient to present a complete and effective tender proposal are not desired or required. Elaborate and expensive visual and other presentation aids are not necessary.

ILLEGIBLE CONTENT, ALTERATION AND ERASURES

45. Incomplete Tenders may be disqualified or evaluated solely on information contained in the Tender.

46. The GMA may disregard any content in a Tender that is illegible and will be under no obligation whatsoever to seek clarification from the Bidder.

47. The GMA is entitled to amend any bid conditions, validity period, specifications, or extend the closing date of bids before the closing date. All bidders, to whom the bid documents have been issued, will be advised in writing of such amendments in good time.

OBLIGATION TO NOTIFY ERRORS

48. All notifications to bidders shall be done via email-on-email addresses registered in the TendaSwift.

RESPONSIBILITY FOR TENDERING COSTS

49. The Bidders participation or involvement in any stage of the Tendering Process is at the Bidders sole risk, cost and expense. The GMA will not be held responsible for, or pay for, any expense or loss that may be incurred by Bidders in relation to the preparation or lodgement of their Tender.
50. The GMA is not liable to the Bidder for any costs on the basis of any contractual, or promissory or restitutionary grounds whatsoever as a consequence of any matter relating to the Bidders participation in the Tendering Process, including without limitation, instances where:
- a. The Bidder is not engaged to perform under any contract; or
 - b. the GMA exercises any right under this RFP or at law.

DISCLOSURE OF TENDER CONTENTS AND TENDER INFORMATION

51. All Tenders received by the GMA will be treated as confidential. The GMA will not disclose any Tender contents and Tender information, except:
- a. As required by law;
 - b. for the purpose of investigations by other government authorities having relevant jurisdiction;
 - c. to external consultants and advisors of the GMA engaged to assist with the Tendering Process; or
 - d. for the general information of Bidders required to be disclosed as per National Treasury Regulations, Guidelines, Instruction Notes or Practice Notes.

USE OF TENDERS

52. Upon submission in accordance with the requirements of submission of Tenders, all Tenders submitted become the property of the GMA. Bidders will retain all ownership rights in any intellectual property contained in the Tender.
53. Each Bidder, by submission of their Tender, is deemed to have licensed the GMA to reproduce the whole, or any portion, of their Tender for the purposes of enabling the GMA to evaluate the Tender.
54. Further, in submitting a Tender, the Bidder accepts that the GMA shall, in accordance with the requirements of Treasury Regulation No. 16A.6.3(d) and the National Treasury Instruction Note on *Enhancing Compliance Monitoring and Improving Transparency and Accountability in Supply Chain Management*, publish (on the internet or otherwise):

- a. The names of all Bidders that submitted bids in relation to this RFP within 10 (Ten) working days after the closing date of this RFP, if the bid is above the threshold value of R1 million; and
- b. on award of the bid, the name of the successful Bidder, the contract price, B-BBEE level of contribution status, the contract number and description of the contract awarded.

PERIOD OF VALIDITY

55. All Tenders received must remain valid and open for acceptance for a minimum of 180 (one hundred and eighty) days from the Closing Date. This period may be extended by written mutual agreement between the GMA and the Bidder.

STATUS OF TENDER

56. Each Tender constitutes an irrevocable offer by the Bidder to the GMA to provide the Services required and otherwise to satisfy the requirements of the Specification as set out in this RFP Part B.
57. A Tender must not be conditional on:
- a. The Board approval of the Bidder or any related governing body of the Bidder being obtained;
 - b. the Bidder conducting due diligence or any other form of enquiry or investigation;
 - c. the Bidder (or any other party) obtaining any regulatory approval or consent;
 - d. the Bidder obtaining the consent or approval of any third party; or
 - e. the Bidder stating that it wishes to discuss or negotiate any commercial terms of the contract.
58. The GMA may, in its absolute discretion, disregard any tender that is, or is stated to be, subject to any one or more of the conditions detailed above (or any other relevant conditions).
59. The GMA reserves the right to accept a Tender in part or in whole or to negotiate with a Bidder in accordance with the clause 88 (Unreasonable disadvantage) of this RFP Part A.

TENDER RESPONSE

COMPLIANCE WITH SPECIFICATION

60. Under Part C of this RFP, a Bidder must submit a tabulated statement showing its level of compliance to the Specification contained in this RFP Part B.
61. In particular, Bidders must state if they will not comply with the Specification or will only comply with the Specification subject to conditions. Full details of the non-compliance (including the nature and extent of the non-compliance and any reasons for such non-compliance) must be stated in the space provided in the tabulated statement.
62. No response is required in respect of a particular section of the Specification where Bidders will comply with the Specification. Only sections that Bidders have not complied with, or will only comply with subject to conditions, should be noted in the tabulated statement.
63. The GMA is prepared to contemplate minor variations or departures from the Specification proposed by Bidders.
64. However, Bidders should note that significant or substantive variations or departures from the Specifications will not be viewed favourably unless the Bidder is able to clearly demonstrate to the satisfaction of the GMA the necessity for such variations or departures.

Note to Bidders: *The GMA will assume that a Bidders Response complies in all relevant respects with the Specification unless the Bidder states otherwise. Failure to notify the GMA of any non-compliance may result in a Bidders Response being disregarded.*

65. For the purposes of clauses 63, 64 and 65:

- **Yes/Complies** means that in all respects the Bidders Response meets or otherwise satisfies all specified outputs, characteristics or performance standards.
- **Will comply subject to conditions** means that the specified outputs, characteristics or performance standards can only be met by the Bidder subject to certain conditions.
- **No/Will not comply** means that the specified outputs, characteristics or performance standards is not met by the Bidders Response.

GENERAL

- 66. Indefinite responses such as “noted”, “to be discussed” or “to be negotiated” are not acceptable.
- 67. Where the Bidder is unwilling to accept a specified condition, the non-acceptance must be clearly and expressly stated. Prominence must be given to the statement detailing the non-acceptance. It is not sufficient that the statement appears only as part of an attachment to the Tender, or be included in a general statement of the Bidders usual operating conditions.
- 68. An incomplete Tender may be disqualified or assessed solely on the information completed or received with the Tender.

ALTERNATIVE TENDER

- 69. A Bidder may submit an alternative proposal. An alternative proposal will only be accepted if:
 - a. The Bidder also provides a conforming Bidders Response; and
 - b. The alternative proposal is clearly identified as an “Alternative Tender”.
- 70. An Alternative Tender may:
 - a. Not comply with the Specifications for the relevant Services due to inherent design or capability in the operation of the Services; or
 - b. Provide the Services in a manner different to that specified in this RFP Part B.

INNOVATIVE SOLUTIONS

71. Bidders are encouraged to offer options or solutions which may, in an innovative way, contribute to the GMA's ability to carry out its operations in a more cost-effective manner.
72. These options or solutions may be related to:
- a. The outputs, functional, performance and technical aspects of the requirement; or
 - b. Opportunities for more advantageous commercial arrangements.
73. Any such options or solutions will be considered by the GMA on a "commercial in confidence" basis if so requested by the Bidder.
74. Where a Bidder submits an offer which meets the requirements of this RFP in an alternative and practical manner, the Tender must also include any supplementary material (including such pricing and costing details as may be necessary to enable the GMA to fully assess the financial impact of the alternative proposal), which demonstrates in detail that such an alternative will fully achieve and/or exceed all the specified requirements, together with references as to why the additional features may be advantageous.
75. The GMA reserves the right to consider such offers on their merits or not to consider them at all.

CONTRACT DISCLOSURE REQUIREMENTS

DISCLOSURE OF INFORMATION

76. The Conditions of Tendering include a provision for the disclosure of contract information (refer to this RFP Part A dealing with "Use of Tenders").
77. If a Bidder wishes to withhold the disclosure of specific contract information, the Bidder must clearly outline how the release of this information will expose trade secrets, business strategy or unique methodologies that may expose the business unreasonably to disadvantage.

TRADE SECRETS

In considering whether specific information should be categorised as a trade secret, Bidders' should assess:

- a. The extent to which it is known outside of the Bidders business;
- b. the extent to which it is known by the persons engaged in the Bidders business;

- c. any measures taken to guard its secrecy;
- d. its value to the Bidders business and to any competitors;
- e. the amount of money and effort invested in developing the information; and
- f. the ease or difficulty with which others may acquire or develop this information.

UNREASONABLE DISADVANTAGE

78. In determining whether disclosure of specific information will expose a Bidders business unreasonably to disadvantage, the following should be considered:

- a. Whether the information is generally available to competitors; and
- b. Whether it could be disclosed without causing substantial harm to the competitive position of the business.

The GMA will consider these applications in the Tender evaluation and negotiations (if any) with Bidders.

EVALUATION OF TENDERS

EVALUATION PROCESS

79. Following the Closing Time, the GMA intends to evaluate the Tenders received.

80. Tenders will be evaluated against the Evaluation Criteria specified under the section "Evaluation Criteria Format".

81. Without limiting the GMA's rights in the RFP, the GMA may at any time during the Tendering Process choose to:

- a. Shortlist one or more Bidders; and
- b. accept one or more of the Tenders.

82. Unless the Evaluation Criteria explicitly require, the GMA may, but is not in any way bound to, shortlist, to select as successful, or to accept the Tender offering the lowest price.

83. Should the GMA choose to include a short-listing stage in its evaluation process, the GMA is not, at any time, required to notify Bidders or any other person or organisation interested in submitting a Tender.

84. A Bidders Response will not be deemed to be unsuccessful until such time as the Bidder is formally notified of that fact by the GMA. The commencement of negotiations by the GMA

with one or more other Bidders is not to be taken as an indication that any Bidders Response has not been successful.

EVALUATION CRITERIA FORMAT

85. The evaluation criteria is weighted to reflect the importance of project requirements noted in the Specifications:
86. In evaluating Bidders Responses, the GMA will have regard to:
- a. Specific evaluation criteria identified in the list below;
 - b. the overall value for money proposition presented in the Bidders Response; and
 - c. particular weighting assigned to any or all of the evaluation criteria specified below.
87. For the purposes of this RFP clause 90, 'value for money' is a measurement of financial and non-financial factors, including:
- a. Quality levels; and
 - b. performance standards.
88. Value for money will be assessed on a 'whole of life' basis (including the transitioning-in, the contract term and the transitioning-out phases of the relationship between the GMA and a Bidder), with a view to long-term sustainability of the value for money proposition and with a focus on ensuring that value for money outcomes are promoted and protected following the conclusion of any contract that may result from this RFP.
89. Administrative compliance will be determined in accordance with the conditions listed in this RFP.
90. The evaluation criteria will be in line with the PPPFA, 2000 (Act No. 5 of 2000), Preferential Procurement Regulations 2022 and the approved GMA SCM Policy.
91. Evaluation will be based on a point system and three-stage evaluation process. As a pre-requisite, a bid must comply with the requirements of the bid solicitation and meet the pre-qualification/mandatory requirements (if any) before being evaluated further to the second stage. The minimum threshold of the functionality evaluation criteria must also be met in order for the bid to be declared responsive and acceptable and qualify to the third evaluation stage.
92. The value of this bid is estimated to be below R 50,000,000 and therefore the 80/20 preference point system shall apply. The following is the weighting awarded for each element, and the threshold score.

Evaluation element	Weighting	Threshold score
Technical proposal	100	75 Points
Specific goals	20	N/A
Price proposal	80	N/A
Total	100	

FUNCTIONALITY EVALUATION

93. The evaluation criteria for measuring functionality, and the weighting attached to each criterion is detailed in **Part B of the RFP document, Paragraph 6.4; 6.5 and/or 6.6 of Terms of Reference**. Failure to provide adequate information for evaluation of the criteria listed below will at least result in minimal subjective consideration and may result in loss of points.
94. The minimum threshold for functionality is indicated in clause 94. Bids that do not meet this threshold will be disqualified from further evaluation.
95. Thereafter, only the qualifying bids will be evaluated in terms of the 80/20 preference point system, where a maximum of 80 points are allocated for price and a maximum of 20 points are allocated in respect of Specific Goals.

PRICE EVALUATION

96. Price points will be calculated on the total price proposed solution as per terms of reference, using the following formula:

$$Ps = 80 \left(1 - \frac{Pt - Pmin}{Pmin} \right)$$

Where:

Ps = Points scored for price of tender under consideration

Pt = Price of tender under consideration

Pmin = Price of lowest acceptable tender

PREFERENCE EVALUATION

97. Twenty (20) points are allocated for preference (Specific Goals). B-BBEE rating certificates and affidavits signed under oath are the Specific Goals applicable for this tender. Preference points will be allocated in terms of the BBBEE Codes of Good Practice guideline as indicated in the following table.
98. To claim Preference points, Bidders must submit the duly completed and signed SBD6.1 and a valid BBBEE Certificate or affidavit signed under oath which will be verified.

B-BBEE Status Level of Contributor	Number of points
1	20
2	18
3	14
4	12
5	8
6	6
7	4
8	2
Non-compliant contributor	0

TOTAL POINTS AWARDED

99. The total points scored by a bidder to determine the winning Bidder will be calculated by adding the points attained for preference (Specific Goals) to the points scored for price.

CLARIFICATION OF TENDERS

100. The GMA may seek clarification from and enter into discussions with any or all of the Bidders in relation to their Tender. The GMA may use such information in interpreting the Tender and evaluating the cost and risk in accepting the Tender. Failure to supply clarification to the satisfaction of the GMA may render the Tender liable to disqualification.
101. The GMA is under no obligation to seek clarification of anything in a Tender and reserves the right to disregard any clarification that the GMA considers to be unsolicited or otherwise impermissible in accordance with the rules set out in this RFP.

DISCUSSION WITH BIDDERS

102. The GMA may elect to engage in detailed discussions with any one or more Bidders, with a view to maximising the benefits of this RFP as measured against the evaluation criteria and in fully understanding a Bidders offer.
103. In its absolute discretion, the GMA may invite some or all Bidders to give a presentation to the GMA in relation to their submissions, that may include a demonstration of software, programs or unique methodologies proposed, if applicable.
104. The GMA is under no obligation to undertake discussions with, or to invite any presentations from Bidders.
105. In addition to presentations and discussions, the GMA may request some or all Bidders to:
- a. Conduct a site visit, if applicable;
 - b. provide references or additional information; and/or
 - c. make themselves available for panel interviews.

BEST AND FINAL OFFERS

106. Bidders or where the Tendering Process involves a short-listing process, shortlisted Bidders may be invited by the GMA to submit a best and final offer in relation to all or certain aspects of their respective Tenders.
107. The GMA is under no obligation to give Bidders the opportunity to submit a best and final offer. If the GMA chooses to give Bidders the opportunity to submit a best and final offer, it is under no obligation to give notification before the Closing Time that such opportunity will be given.
108. Notwithstanding the possibility that the GMA may give Bidders the opportunity to submit a best and final offer, Bidders should be aware that the GMA will, in conducting its evaluation of Tenders, rely on all information (including all representations) contained in such Tenders. Bidders are therefore encouraged to submit their best and final offers in the first instance.

SUCCESSFUL TENDERS

NO LEGALLY BINDING CONTRACT

109. Selection as a successful Bidder does not give rise to a contract (express or implied) between the successful Bidder and the GMA for the supply of the Services. No legal relationship will exist between the GMA and a successful Bidder for the supply of the Services until such time as a binding contract is executed by them.

PRE-CONTRACTUAL NEGOTIATIONS

110. The GMA may, in its absolute discretion, decide not to enter into pre-contractual negotiations with a successful Bidder.

111. A Bidder is bound by its Tender and all other documents forming part of the Bidders Response and, if selected as a successful Bidder, must enter into a contract on the basis of the Tender without negotiation.

NO OBLIGATION TO ENTER INTO CONTRACT

112. The GMA is under no obligation to appoint a successful Bidder or Bidders (as the case may be), or to enter into a contract with a successful Bidder or any other person, if it is unable to identify a Tender that complies in all relevant respects with the requirements of the GMA, or if due to changed circumstances, there is no longer a need for the Services requested, or if funds are no longer available to cover the total envisaged expenditure. For the avoidance of any doubt, in these circumstances the GMA will be free to proceed via any alternative process.
113. The GMA may conduct a debriefing session for all Bidders (successful and unsuccessful). Attendance at such debriefing session is optional.

ADDITIONAL RULES

114. It is a condition of the tendering process that Bidders will be required to complete all the forms annexed to this RFP Part C.
115. A Bidder who does not submit all the information as required by the GMA may be disqualified from the Tendering Process.

BIDDER WARRANTIES

116. By submitting a Tender, a Bidder warrants that:
- a. In lodging its Tender it did not rely on any express or implied statement, warranty or representation, whether oral, written, or otherwise made by or on behalf of the GMA, its officers, employees, or advisers other than any statement, warranty or representation expressly contained in the RFP;

- b. it did not use the improper assistance of GMA employees or information unlawfully obtained from the GMA in compiling its Tender;
- c. it is responsible for all costs and expenses related to the preparation and lodgement of its Tender, any subsequent negotiation, and any future process connected with or relating to the Tendering Process;
- d. it otherwise accepts and will comply with the rules set out in this RFP; and
- e. it will provide additional information in a timely manner as requested by the GMA to clarify any matters contained in the Tender.

GMA'S RIGHTS

117. Notwithstanding anything else in this RFP, and without limiting its rights at law or otherwise, the GMA reserves the right, in its absolute discretion at any time, to:
- a. Cease to proceed with, or suspend the Tendering Process prior to the execution of a formal written contract;
 - b. alter the structure and/or the timing of this RFP or the Tendering Process;
 - c. vary or extend any time or date specified in this RFP for all or any Bidder or other persons;
 - d. terminate the participation of any Bidder or any other person in the Tendering Process;
 - e. require additional information or clarification from any Bidder or any other person or provide additional information or clarification;
 - f. call for new Tenders;
 - g. reject any Tender received after the Closing Time;
 - h. reject any Tender that does not comply with the requirements of this RFP; or
 - i. consider and accept or reject any alternative tender.

GOVERNING LAWS

118. This RFP and the Tendering Process is governed by the laws applying in the Republic of South Africa.
119. Each Bidder must comply with all relevant laws in preparing and lodging its Tender and in taking part in the Tendering Process.
120. All tenders must be completed using the English language and all costing must be in South African Rands.

INCONSISTENCY

121. If there is any inconsistency between any parts of this RFP, a descending order of precedence must be accorded to:
 - a. the conditions of tendering in Part A and Part B of this RFP, and any annexure or attachments;
 - b. the Bidders response in Part C of this RFP;
 - c. any other part of this RFP, so that the provision in the higher ranked document, to the extent of the inconsistency, prevails.

TERMS OF REFERENCE

1. PURPOSE

The purpose of this Request for Proposal ("RFP") is to appoint a panel of advisors to be contracted by the Gautrain Management Agency ("GMA") to assist the Enterprise Portfolio Management Office ("EPMO") Unit in providing project management, technical and specialist services including but not limited to Engineering, Environmental management, Quantity surveying, land and urban planning, transport infrastructure and/or services and/or rail sector on as an when required basis, for a period of five (5) years.

2. BACKGROUND INFORMATION OF THE GAUTRAIN MANAGEMENT AGENCY AND GAUTRAIN

2.1 The Gautrain Management Agency ("GMA") was established in terms of the Gautrain Management Agency Act (Act 5 of 2006), as amended by the GMA Amendment Act 2 of 2017, to manage the implementation of the Gautrain Rapid Rail Link project and the relationship with the concessionaire. The main objective of the GMA is to manage, coordinate and oversee the Gautrain. To do so, the GMA must:

- 2.1.1 Assist the Gauteng Provincial Government ("GPG") in implementing the Gautrain and achieving its objectives;
- 2.1.2 Act on behalf of GPG in managing the relationship between GPG and the Concessionaire in terms of the Concession Agreement ("the CA") and ensure that the interests of GPG are protected;
- 2.1.3 Enhance the integration of the Gautrain with other transport services and Public Transport Plans;
- 2.1.4 Promote and maximize the Socio-Economic Development and BBBEE objectives of the GPG in relation to the Gautrain;
- 2.1.5 Liaise with and promote co-operation between government structures in all three spheres of Government in relation to the Gautrain;
- 2.1.6 Liaise with persons having an interest in the Gautrain;

- 2.1.7 Manage assets relating to the Gautrain and promote their preservation as well as maintenance;
 - 2.1.8 Manage the finances of the Gautrain and the financial securities provided by the Concessionaire;
 - 2.1.9 Monitor the policy and legislative environment of the Gautrain;
 - 2.1.10 Execute any other transport-related mandate that may be delegated to it as per the Gauteng Transport Infrastructure Act ("GTIA") by the MEC responsible for transport in Gauteng; and
 - 2.1.11 Assist or act on behalf of any organ of state, when so requested, in realizing its integrated public transport and rail-related objectives and in protecting its interests and managing the assets, finance and financial securities of such organ of state.
- 2.2 The GMA must conduct its function in terms of the act by:
- 2.2.1 Carrying out the duties assigned to it by this Act, the National Railway Safety Regulator Act, 2002 (Act 16 of 2002) or any applicable law;
 - 2.2.2 Exercising the rights and performing the duties of the province in terms of concession agreements;
 - 2.2.3 Managing and overseeing concession agreements on behalf of the province;
 - 2.2.4 Acting as agent of the MEC under section 56(2) of the Gauteng Transport Infrastructure Act, 2001 (Act 8 of 2001) in relation to protection of the rail reserve and other provincial transport infrastructure involved in the Project;
 - 2.2.5 Establishing and operating information and management systems for the Gautrain Project;
 - 2.2.6 Liaising and exchanging information with institutions, authorities or professional bodies regarding rail matters in South Africa or in other countries; and
 - 2.2.7 Performing any other function related to transport service that may be assigned to the Agency by the MEC from time to time.

3. PROJECT BACKGROUND

- 3.1 The GMA's EPMO Unit has to create a panel of suitably qualified advisory firms with the necessary project management, technical and specialist expertise; including but not limited to Engineering, Environmental management, Quantity surveying, land and urban planning, transport infrastructure and/or services and/or rail sector domains. These firms will provide specialized advisory services, as and when required, not only for the EPMO's direct portfolio but also to support other internal business units and external projects/ stakeholders in achieving their strategic objectives, as outlined in section 4 below, the service providers will be expected to provide advisory services as well as undertaking of technical work as and when required.
- 3.2 The GMA intends to appoint service providers on three (3) main tiers for the panel as follows:
- 3.2.1 Tier 1 Entities: Large Enterprises with an annual turnover above R50 million.
 - 3.2.2 Tier 2 Entities: Qualifying Small Enterprises (QSE) with an annual turnover between R10 million and R50 million.
 - 3.2.3 Tier 3 Entities: Exempt Micro Enterprises (EME) with an annual turnover below R10 million.
- 3.3 This RFP seeks to establish a Panel of Advisors. Appointment to the panel does not constitute the award of any specific assignment or guarantee any minimum volume of work.
- 3.4 Once the panel is formed, individual contracts ("Task Orders") may be awarded through a secondary competitive process among the appointed panel members.
- 3.5 GMA intends to utilize the Panel of Advisors as the primary mechanism for sourcing advisory services covered by the panel's scope. However, GMA reserves the right to undertake alternative procurement processes where operational, technical or strategic requirements justify such an approach.

4. PROJECT ADVISORY AND TECHNICAL SERVICES REQUIRED

- 4.1 Bidders must demonstrate experience and expert knowledge in Project Management as well as Technical and Specialist Services. Technical and Specialist services include but are not limited to Engineering, Environmental management, Quantity surveying, Land and Urban planning (town planning, land surveying) in transport infrastructure and/or services and/or the rail sector as related to the services outlined below, and any other related services.
- 4.2 Any reference to "client" within this section means an entity which the bidder previously rendered service to. As such, experience and expert knowledge in projects of a similar nature will be required.
- 4.3 The following services are required as detailed in sections 4.3.1 through to 4.3.3. Bidders must submit CVs of a lead resource that demonstrate capacity and expertise as indicated below.

4.3.1 Project Management Services

Bidders must demonstrate experience and expert knowledge in Project Management with a focus on the following areas:

- 4.3.1.1 Initiating, planning, implementing, monitoring, controlling, commissioning / handover and close-out of projects in transport infrastructure and/or services, and/or the rail sector;
- 4.3.1.2 Leading projects with respect to deliverables, approved budget, time, scope, and compliance with statutory requirements for governance, safety, health, quality, and the environment;
- 4.3.1.3 Organising project governance and team structures, defining roles, responsibilities and accountabilities;
- 4.3.1.4 Responsible for financial management in projects, consolidated reporting and project administration;
- 4.3.1.5 Analysing information, providing documentation and preparing reports as and when required;
- 4.3.1.6 Providing advice to project participants and serving as a liaison member;
- 4.3.1.7 Notwithstanding legislative requirements (e.g., the Gauteng Transport Infrastructure Act), provide evidence of stakeholder engagement,

coordination, and management to a Client's management structures as well as all three spheres of government, as well as the public (both individuals and organizations).

- 4.3.1.8 Communication management including allowance for marketing mechanisms and artifacts as and when required to provide the service related to 4.3.1.7.
- 4.3.1.9 Contract management, quality management, risk management and records management;
- 4.3.1.10 Skills transfer to a previous client's staff; and
- 4.3.1.11 Co-ordination of and participation in meetings related to any of the aforementioned service requirements.

4.3.2 Engineering Services

- 4.3.2.1 Bidders must submit CVs of lead resource that demonstrate capacity and expertise in the full spectrum of required engineering disciplines as indicated below.
- 4.3.2.2 Large Enterprises must demonstrate proven capability across all listed engineering disciplines in order to be considered responsive under this Technical Services requirement.
- 4.3.2.3 QSEs and EMEs must demonstrate experience in one or more of the listed disciplines in order to be considered responsive under this Engineering Services requirement.
- 4.3.2.4 The CV required is for the lead resource in each of the following:
 - 4.3.2.4.1 Civil Engineering
 - 4.3.2.4.2 Geotechnical Engineering
 - 4.3.2.4.3 Structural Engineering
 - 4.3.2.4.4 Transport Engineering
 - 4.3.2.4.5 Hydraulic Engineering

- 4.3.2.4.6 Environmental Engineering
- 4.3.2.4.7 Rail Engineering
- 4.3.2.4.8 Bridge Engineering
- 4.3.2.4.9 Pavement Engineering
- 4.3.2.4.10 Geometric Engineering
- 4.3.2.4.11 Rolling Stock Engineering
- 4.3.2.4.12 Electro-mechanical engineering
- 4.3.2.4.13 Power supply and distribution engineering
- 4.3.2.4.14 Signalling Engineering
- 4.3.2.4.15 Telecommunications Engineering
- 4.3.2.4.16 Mining Engineering
- 4.3.2.4.17 Systems Integration Engineering
- 4.3.2.4.18 Tunneling Engineering
- 4.3.2.4.19 Perway Geometric Engineering
- 4.3.2.4.20 Water treatment Engineering

4.3.2.5 Bidders must demonstrate experience and expert knowledge in Engineering Services with a focus on the following areas as applicable:

- 4.3.2.5.1 Planning and delivery of transport infrastructure;
- 4.3.2.5.2 Undertaking transport studies related to demand analysis, forecasting and supply of rail system requirements including non-motorized transport (NMT);
- 4.3.2.5.3 Advanced engineering calculations per project as required, e.g. analysis of structures, vehicle dynamics;
- 4.3.2.5.4 Technical expertise for integration of systems in multi-disciplinary railway projects;
- 4.3.2.5.5 Comprehensive geotechnical expertise, covering the design and construction of railway structures from subsurface tunneling and mining to at-grade foundations and earthworks;

4.3.2.5.6 Risk assessment methodologies throughout the entire life cycle of a project; and

4.3.2.5.7 Participation in meetings related to the above service requirements.

4.3.3 Specialist Services

4.3.3.1 Bidders must submit CVs of lead resource that demonstrate capacity and expertise in specialist services as indicated below.

4.3.3.2 LE, QSEs and EMEs must demonstrate experience in one or more of the listed disciplines to be considered responsive under this Specialist Services requirement.

4.3.3.3 The CV required is for the Lead Resource in each of the following:

4.3.3.3.1 Spatial and Land-Use Planning

4.3.3.3.2 Environmental Management

4.3.3.3.3 Quantity Surveying

4.3.3.3.4 Land Surveying

4.3.3.3.5 Transport Modelling

4.3.3.3.6 Rail Operations Specialist

4.3.3.4 Bidders must demonstrate experience and expert knowledge in Specialist Services with a focus on the following areas as applicable:

4.3.3.4.1 Transport Modelling;

4.3.3.4.2 Technical expertise in land management and planning including, acquisition of land and appropriate land use rights, land surveying, and property valuation as well as the sourcing of any required documentation for approval purposes. The resource must also be able to provide GIS capabilities as and when required;

4.3.3.4.3 Specialist environmental management services;

4.3.3.4.4 Advanced quantity surveying services;

- 4.3.3.5 Risk assessment methodologies throughout the entire life cycle of a project; and
- 4.3.3.6 Participation in meetings related to the above service requirements.

4.3.4 Bidders must submit CVs of lead resources that demonstrate:

- 4.3.4.1 Minimum years' experience in the following, as applicable to each resource and company type:
 - 4.3.4.1.1 Large Enterprises: Ten (10) years' experience;
 - 4.3.4.1.2 Qualifying Small Enterprises: Six (6) years' experience
 - 4.3.4.1.3 Exempt Micro Enterprises: Six (6) years' experience;

4.3.5 Experience Requirements for Project Management:

The CV of the Lead Project Management resource must demonstrate:

- 4.3.5.1 Experience in organizing project governance and team structures, defining roles, responsibilities and accountabilities;
- 4.3.5.2 Experience in delivering projects on budget, time and within agreed quality expectations;
- 4.3.5.3 Expertise in financial management in projects, consolidated reports and project administration;
- 4.3.5.4 Experience in the implementation of processes, systems and internal controls to manage and track project milestones;
- 4.3.5.5 The ability to monitor and analyse project performance and thereafter provide documentation and reports thereof; and
- 4.3.5.6 Utilization of project management software in project execution.

4.3.6 Experience requirement for Engineering:

The CV of the Lead Engineering resource must demonstrate:

- 4.3.6.1 Civil Engineer: Civil engineering experience in delivery of projects in transport infrastructure and/or services, and/or in the rail sector.

- 4.3.6.2 Geotechnical Engineer: Geotechnical engineering experience in delivery of projects in transport infrastructure and/or services, and/or in the rail sector.
- 4.3.6.3 Structural Engineer: Structural engineering experience in delivery of projects in transport infrastructure and/or services, and/or in the rail sector.
- 4.3.6.4 Transport Engineer: Transport engineering experience in delivery of projects in transport infrastructure and/or services.
- 4.3.6.5 Hydraulic Engineer: Hydraulic engineering experience in delivery of projects in transport infrastructure and/or services, and/or in the rail sector.
- 4.3.6.6 Environmental Engineer: Environmental engineering experience in delivery of projects in transport infrastructure and/or services, and/or in the rail sector.
- 4.3.6.7 Rail Engineer: Rail engineering experience in delivery of projects in the rail sector.
- 4.3.6.8 Bridge engineer: Bridge engineering experience in transport infrastructure projects and/or services, and/or in the rail sector.
- 4.3.6.9 Pavement Engineer: Pavement engineering experience in transport infrastructure projects and/or services.
- 4.3.6.10 Geometric Engineer: Geometric engineering experience in transport infrastructure projects and/or services.
- 4.3.6.11 Rolling Stock Engineer: Rolling stock engineering experience in the rail sector.
- 4.3.6.12 Electro-mechanical engineer: Electro-mechanical engineering experience in transport infrastructure projects and/or services, and/or rail sector.
- 4.3.6.13 Power supply and distribution engineer: Engineering experience in the rail sector.
- 4.3.6.14 Signalling Engineer: Engineering experience in the rail sector.
- 4.3.6.15 Telecommunications Engineer: Engineering experience in the rail sector.
- 4.3.6.16 Mining Engineer: Engineering experience in transport infrastructure and/or services projects.

- 4.3.6.17 Systems Integration Engineer: Engineering experience in the rail sector.
- 4.3.6.18 Tunneling Engineer: Engineering experience in transport infrastructure and / or service projects .
- 4.3.6.19 Perway Geometric Engineer: Perway engineering experience in delivery of projects in the rail sector .
- 4.3.6.20 Water Treatment Engineer: Water Treatment engineering experience in delivery of projects in transport infrastructure and/or services, and/or in the rail sector.

4.3.7 Experience requirement for Specialist Services:

The CV of the Lead Specialist Service resource must demonstrate:

- 4.3.7.1 Spatial and Land Use Planner: Experience in transport infrastructure projects and/or services, and/or rail sector. The resource must also be able to provide GIS capabilities as and when required.
- 4.3.7.2 Environmental Management Practitioner: Experience in transport infrastructure projects and/or services, and/or rail sector.
- 4.3.7.3 Quantity Surveyor: Experience in transport infrastructure and/or services and/or the rail sector.
- 4.3.7.4 Land Surveyor: Experience in transport infrastructure projects and/or services, and/or rail sector.
- 4.3.7.5 Transport Modeller: Experience in transport infrastructure projects and/or services.
- 4.3.7.6 Rail Operations Specialist Experience in:
 - 4.3.7.6.1 Preparation and review of capacity and demand plans;
 - 4.3.7.6.2 Analysis of passenger usage patterns (actual or forecasted) and trend analysis in rail sector;
 - 4.3.7.6.3 Determination of cost-effective rail services in relation to the passenger demand and demand growth in rail sector;
 - 4.3.7.6.4 Compilation of demand management plans;

- 4.3.7.6.5 Development of cost estimates and cost benefit analyses to support various operating scenarios in rail sector;
- 4.3.7.6.6 Analysis and interpretation of capacity utilisation plans in rail sector; and
- 4.3.7.6.7 Development of service plans and its capacity requirements.

5. SUBMISSION CRITERIA

Bidders must submit the following relevant information that forms part of the bid evaluation.

5.1 Lead resources CVs and Qualifications

- 5.1.1 Bidders must provide CVs for all Lead resources who may be deployed as and when required.
- 5.1.2 The CVs must indicate the specific work experience in the provision of the required area of expertise in terms of the projects the lead resource has been involved in, clearly demonstrating start and end dates for each of the projects.
- 5.1.3 Submission of CVs must also include copies of proof of valid professional registration with the relevant certification or statutory body.
- 5.1.4 A minimum NQF Level 7 in the relevant field of study is required for each proposed resource. Bidders must provide copies of formal qualifications alongside the CV.
- 5.1.5 Foreign-based qualifications must be supported by a valid South African Qualification Authority Certificate.
- 5.1.6 The following table outlines the pre-requisite qualifications and the associated registrations for the lead resource:

Table 2: Qualifications and Registrations for Lead Resources

No.	Lead Resource	Qualifications	Valid professional registration
a)	Project Manager	A Bachelor's degree at NQF level 7 (or higher) in Project Management or Engineering or Construction Management or related field	PMP and/or PrCM and/or PrCPM
b)	Civil Engineer	B-Tech or BEng or BSc in Civil Engineering	Professional Engineering Technologist or Professional Engineer Registered with ECSA
c)	Geotechnical Engineer	B-Tech or BEng or BSc in Civil Engineering	Professional Engineering Technologist or Professional Engineer Registered with ECSA
d)	Structural Engineer	B-Tech or BEng or BSc in Civil Engineering	Professional Engineering Technologist or Professional Engineer Registered with ECSA
e)	Transport Engineer	B-Tech or BEng or BSc in Civil Engineering	Professional Engineering Technologist or Professional Engineer Registered with ECSA
f)	Hydraulic Engineer	B-Tech or BEng or BSc in Civil Engineering	Professional Engineering Technologist or Professional Engineer Registered with ECSA
g)	Environmental Engineer	B-Tech, BEng or BSc in Civil Engineering and/or Environmental Engineering	Professional Engineering Technologist or Professional Engineer Registered with ECSA

No.	Lead Resource	Qualifications	Valid professional registration
h)	Rail Engineer	B-Tech, BEng or BSc in Civil Engineering or Mechanical Engineering	Professional Engineering Technologist or Professional Engineer Registered with ECSA
i)	Bridge Engineer	B-Tech or BEng or BSc in Civil Engineering	Professional Engineering Technologist or Professional Engineer Registered with ECSA
j)	Pavement Engineer	B-Tech or BEng or BSc in Civil Engineering	Professional Engineering Technologist or Professional Engineer Registered with ECSA
k)	Geometric Engineer	B-Tech or BEng or BSc in Civil Engineering	Professional Engineering Technologist or Professional Engineer Registered with ECSA
l)	Rolling stock Engineer	B-Tech or BEng or BSc in Mechanical Engineering or Electrical Engineering	Professional Engineering Technologist or Professional Engineer Registered with ECSA
m)	Electro-Mechanical Engineer	B-Tech, BEng or BSc in Mechanical Engineering or Electrical Engineering	Professional Engineering Technologist or Professional Engineer Registered with ECSA
n)	Power Supply and Distribution Engineer	B-Tech or BEng or BSc in Electrical Engineering	Professional Engineering Technologist or Professional Engineer Registered with ECSA

No.	Lead Resource	Qualifications	Valid professional registration
o)	Signalling Engineer	B-Tech or BEng or BSc in Electrical or Electronics Engineering	Professional Engineering Technologist or Professional Engineer Registered with ECSA
p)	Telecommunications Engineer	B-Tech or BEng or BSc in Electrical or Electronics Engineering	Professional Engineering Technologist or Professional Engineer Registered with ECSA
q)	Mining Engineer	B-Tech or BEng or BSc in Mining Engineering	Professional Engineering Technologist or Professional Engineer Registered with ECSA
r)	Systems Integration Engineer	A Bachelor's degree at NQF level 7 (or higher) in the relevant field in Science or Engineering	Professional Engineering Technologist or Professional Engineer Registered with ECSA or Registered with a relevant recognized certification body
s)	Spatial and Land use Planning Specialist	BSc Urban/Regional planning or BSc (Hons) in Urban/Regional Planning	Professional Planner Registered with SACPLAN
t)	Environmental Management Practitioner /Environmental Practitioner/Environmental Specialist	BSc Environmental Science	Environmental Assessment Practitioners Registered with EAPASA or SACNASP

No.	Lead Resource	Qualifications	Valid professional registration
u)	Quantity Surveyor	B-Tech or BSc in Quantity Surveying	Professional Quantity Surveyor with SACQSP
v)	Land Surveyor	B-tech or BSc in Land Surveying	Geomatics Professional Land Surveyor Registered with SAGC
w)	Transport Modeller	A Bachelor's degree at NQF level 7 (or higher) in relevant field in Science or Engineering or Commerce or Transport Economics	Registered with a relevant recognized Professional/Certification/Statutory body
x)	Rail Operations Specialist	A Bachelor's in relevant field at level 7 (or higher) in Engineering or Transport and/or Logistics Management or Operations Management)	Registered with a relevant recognized Professional/Certification/ Statutory body
y)	Tunneling Engineering	B-Tech or BEng or BSc in Mining Engineering	Professional Engineering Technologist or Professional Engineer Registered with ECSA
z)	Perway Geometric Engineering	A Bachelor's in relevant field at level 7 (or higher) in Engineering or	Registered with a relevant recognized Professional/Certification/ Statutory body

No.	Lead Resource	Qualifications	Valid professional registration
		Transport and/or Logistics Management or Operations Management)	
aa)	Water Treatment Engineering	B-Tech or BEng or BSc in Civil Engineering	Professional Engineering Technologist or Professional Engineer Registered with ECSA

5.2 Company experience

5.2.1 Large Enterprises (LE):

Bidders must demonstrate company experience in the provision of the required services for projects undertaken in the past ten (10) years. The listed projects must include the respective start and end dates.

- 5.2.1.1 Project Management: The number of projects undertaken in transport infrastructure and/or services, and/or the rail sector (as per section 4).
- 5.2.1.2 Engineering Services: The number of projects undertaken in transport infrastructure and/or services, and/or the rail sector (as per section 4).
- 5.2.1.3 Specialist Services: The number of projects undertaken in transport infrastructure and/or services, and/or the rail sector (as per section 4).
- 5.2.1.4 Bidders must provide a minimum of four (4) projects.

5.2.2 Qualifying Small Enterprises (QSE):

Bidders must demonstrate company experience in the provision of the required services for projects undertaken in the past ten (10) years. The listed projects must include the respective start and end dates.

- 5.2.2.1 Project Management: The number of projects undertaken in transport infrastructure and/or services, and/or the rail sector (as per section 4).
- 5.2.2.2 Engineering Services: The number of projects undertaken in transport infrastructure and/or services, and/or the rail sector (as per section 4).

5.2.2.3 Specialist Services: The number of projects undertaken in transport infrastructure and/or services, and/or the rail sector (as per section 4).

5.2.2.4 Bidders must provide a minimum of three (3) projects;

5.2.3 Exempt Micro Enterprises (EME):

Bidders must demonstrate company experience in the provision of the required services for projects undertaken in the past ten (10) years. The listed projects must include the respective start and end dates.

5.2.3.1 Project Management: The number of projects undertaken in transport infrastructure and/or services, and/or the rail sector (as per section 4).

5.2.3.2 Engineering Services: The number of projects undertaken in transport infrastructure and/or services, and/or the rail sector (as per section 4).

5.2.3.3 Specialist Services: The number of projects undertaken in transport infrastructure and/or services, and/or the rail sector (as per section 4).

5.2.3.4 Bidders must provide a minimum of two (2) projects.

5.2.4 Bidders must demonstrate relevant company track record by submitting signed reference letters on client's letterhead for projects that have been implemented within the corresponding years as per the enterprise category listed below. The number of letters to be submitted per Bidder are as per the below:

5.2.4.1 Large Enterprises: a minimum of four (4) reference letters.

5.2.4.2 QSE Enterprises: a minimum of three (3) reference letters.

5.2.4.3 EME Enterprises: a minimum of two (2) reference letters.

5.3 Skills Transfer

5.3.1 Bidders must submit a methodology for skills transfer approach detailing the manner in which knowledge and build capability would be transferred to GMA staff during future assignments.

- 5.3.2 The skills transfer methodology must contain measurable outputs. Applicable to LEs and QSEs, Bidders must provide evidence of previous skills transfer initiatives and outline their proposed approach to transferring knowledge and building capability within GMA staff.

5.4 Method statement / Methodology

- 5.4.1 Bidders must submit a method statement/ methodology detailing the manner in which work will be executed when project management as well as Engineering and specialists services assignments are procured by the GMA as and when required. The method statement/ methodology must include, but not be limited to the following minimum requirements:

- 5.4.1.1 Project governance structure in the form of an organogram reflecting the roles and different levels of responsibility of the proposed resources;
- 5.4.1.2 Approach that will be adopted in the execution of the services required by this RFP;

6. EVALUATION CRITERIA

6.1 Stage 1 Evaluation of Bids: Mandatory/ Disqualification Requirements

- 6.1.1 Bidders must provide the following mandatory documents with their bids, failure which will result in disqualification:
- 6.1.1.1 Proof of attendance at the Compulsory Briefing Session, as evidenced by the GMA's official attendance register.

6.2 Stage 2: Administrative Mandatory Compliance Requirements

- 6.2.1 Bidders must submit with their bids, fully completed and signed Standard Bidding Documents ("SBDs"); and
- 6.2.2 have a valid tax compliant status or provide proof of tax compliance.
- 6.2.3 If a bidder fails to comply with either 6.2.1 or 6.2.2 on a specified given time, it will result in disqualification of the bid.

6.3 Stage 3: Functionality/Technical Evaluation

- 6.3.1 The evaluation criteria for measuring functionality, and the weighting attached to each criterion is listed below. Bidders must ensure that adequate evidence or information (or both), is provided to enable the evaluation panel to score each requirement. Failure to do so may result in low or no scores being awarded to that requirement.
- 6.3.2 Bidders must complete evaluation forms for each discipline (ie. Project Management and/or Engineering and/or Specialist Service) in accordance with their submission. E.g if submitting for Project Management only – then complete only the PM form and include in the Bid submission.
- 6.3.3 Bidders must indicate the specific disciplines/ services for which they are submitting a response by completing the submission index table in **Annexure A**. This applies to project management, Engineering services and Specialist services. Bidders must mark with Yes (Y) and No (N) in the relevant enterprise category under which they are bidding.

6.4 Functionality Evaluation – Large Enterprises (LE)

- 6.4.1 The technical proposal for LEs will be scored out of 100 points with a minimum threshold of 75 points. Bids that do not meet this minimum threshold score will not be evaluated further.
- 6.4.2 Bidders will be evaluated on functionality based on Table 3.1-3.4.
- 6.4.3 The evaluation criteria and submission compliance requirements table for Project Management under Large Enterprises (LE) is indicated in Table 3.1 below.

Table 3.1: Submission Compliance and Evaluation criteria – for Large Enterprises (LE) – Project Management

Bidder Name:					
Requirement No.	Requirement Category	Requirement	Description	Weight	Response (Submitted or Not submitted)
1	Lead Resource	SECTION A: Qualification & Certification (10)	Copies of tertiary qualifications (NQF level 7 or above) related to expertise required for the lead resource and proof of valid professional registration. Refer to Qualification & Registration Table 2 (Section 5.1.6) for details	1.1 NQF Level 7 Qualification 5	
			1.2 Proof of valid professional registration	5	
2	Lead Resource	SECTION B: Experience of Lead Resource (15)	CV indicating the experience (showing start and end dates) of lead resource (as per section 5.1 above) in undertaking work within the activities outlined in 3.1 to 3.8 below.	Less than or equal to 2 years (Less than 3 years) 0	
				3 to 5 years (Less than 6 years) 2.25	
				6 to 9 years (Less than 10 years) 5.25	
				10 to 11 years (Less than 12 years) 11.25	
				12 to 14 years (Less than 15 years) 12.75	
			Experience of the lead resource can be in either:	15 years and above 15	
			• Transport Infrastructure projects		

			And/or • Transport Service projects And/or • Rail Sector projects			
3		SECTION C: Project Management Experience (15)	CV indicating the experience of the lead PM resource. Experience of the lead resource can be in either: • Transport Infrastructure projects - And/or • Transport Service projects - And/or • Rail Sector projects	3.1 Initiating, planning, implementing, monitoring, controlling, commissioning / handover and close-out of projects in transport infrastructure and/or services, and/or the rail sector; 3.2 Leading projects with respect to deliverables, approved budget, time and scope. 3.3 Organizing project governance and team structures; defining roles, responsibilities and accountabilities; 3.4 Compliance with statutory requirements for governance, safety, health, quality, and the environment 3.5 Provision of stakeholder engagement, coordination, and management with client's management structures as well as all three spheres of government, as well as the public (both individuals and	3	
					3	
					2	
					2	
					2	

				organizations) in accordance with legislative requirements.		
				3.6 Communication management including allowance for marketing mechanisms and artifacts as and when required to provide the service	1	
				3.7 Contract management, quality management, risk management and records management	1	
				3.8 Co-ordination of and participation in meetings related to any of the service requirements	1	
4	Company Experience, Track Record and Capability	SECTION D: Company's Projects (10)	Number of projects successfully completed and verified (through a client's reference letter) in the relevant identified service areas in the past ten (10) years as per the LE evaluation scale Relevant projects in either: • Transport Infrastructure projects And/or • Transport Service projects And/or • Rail Sector projects	1 project	0	
				2 projects	1.5	
				3 projects	3.5	
				4 projects	7.5	
				5 projects	8.5	
				6 projects and above	10	
5		SECTION E:		Less than or equal to 1 year (From 0 up to 24 months)	0	

		Company's Experience (10)	Company's years of experience in Project Management as per the LE evaluation scale Relevant sectors are either: •Transport Infrastructure projects And/or •Transport Service projects And/or •Rail Sector projects	More than 2 to up to 3years (From 25 and up to 36 months)	1.5	
				More than 3 up to 4 years (From 37 and up to 48 months)	3.5	
				More than 4 years up to 5 years (From 49 and up to 60 months)	7.5	
				More than 5 years up to 6 years (From 61 and up to 72 months)	8.5	
				More than 6 up to 10 years (From 73 months up to 120 months)	10	
6		SECTION F: Company References (10)	Company's reference letters for Project Management. The reference letters must: •Be located on the client letterhead •Be dated and signed by the bidder's client representative •Outline the nature of the project •Indicate the Start and End date	1 reference	0	
				2 references	1.5	
				3 references	3.5	
				4 references	7.5	
				5 references	8.5	

				6 references and above	10	
7		SECTION G: Skills Transfer Methodology (15)	Project Management Skills Transfer to GMA staff. Bidders must provide evidence of previous skills transfer initiatives and outline their proposed approach to transferring knowledge and building capability within GMA staff.	No information provided	0	
				Bidder's response is majorly deficient with a significant lack in meeting the criterion	2.25	
				Bidder's response is marginally deficient	5.25	
				Bidder's response meets the the criterion in full, but at a minimal level	11.25	
				Bidder's response exceeds the criterion in some aspects with minor additional benefits	12.75	
				Bidder's response significantly exceeds the criterion	15	
8		SECTION H: Method statement (15)	The method statement should respond to the Project Management Experience requirements below (as previously indicated in requirement no. 3 of this evaluation table): 3.1 Initiating, planning, implementing, monitoring, controlling, commissioning / handover and close-out of projects in transport infrastructure and/or services and/or the rail sector;	No information provided	0	
				Bidder's response is majorly deficient with a significant lack in meeting the criterion	2.25	
				Bidder's response is marginally deficient	5.25	
				Bidder's response meets the criterion in full, but at a minimal level	11.25	
				Bidder's response exceeds the criterion in some aspects with minor additional benefits	12.75	

			3.2 Leading projects with respect to deliverables, budget, time and scope 3.3 Organizing project governance and team structures; defining roles, responsibilities and accountabilities; 3.4 Compliance with statutory requirements for governance, safety, health, quality, and the environment 3.5 Provision of stakeholder engagement, coordination, and management with client's management structures as well as all three spheres of government, as well as the public (both individuals and organizations) in accordance with legislative requirements. 3.6 Communication management including allowance for marketing mechanisms and artifacts as and when required to provide the service 3.7 Contract management, quality management, risk management and records management 3.8 Co-ordination of and participation in meetings related to any of the service requirements	Bidder's response significantly exceeds the criterion	15	
--	--	--	--	--	----	--

6.4.4 The evaluation criteria and submission compliance requirements table for Engineering services under Large Enterprises (LE) are indicated in Table 3.2 below. Large enterprises are required to respond to **all** of the engineering specialists, responding to one or few will be regarded as non-submission.

Table 3.2 Submission Compliance and Evaluation criteria – Engineering – Large Enterprises

Bidder Name:
This submission is for: _____ Engineering
Note: Please complete separate submission compliance forms for each Engineering Discipline that is being responded to. Large Enterprises need to respond to all Engineering Disciplines. Applicable Engineering Disciplines for this RFP are: Civil, Geotechnical, Structural, Transport, Hydraulic, Environmental, Rail, Bridge, Pavement, Geometric, Rolling Stock, Electro-Mechanical, Power Supply and Distribution, Signaling, Telecommunications, Mining and Systems Integration Engineering, Tunneling, Perway Geometric and Water Treatment .

Requirement No.		Requirement Category	Requirement	Description	Weight	Response (Submitted or Not submitted)
1	Lead Resource	SECTION A: Qualification & Certification (10)	Copies of tertiary qualifications (NQF level 7 or above) related to expertise required for the lead resource and proof of valid professional registration. Refer to Qualification & Registration Table 2 (Section 5.1.6) for details	1.1 NQF Level 7 Qualification	5	
				1.2 Proof of valid professional registration	5	
2		SECTION B: Experience of Lead Resource (15)	CV indicating the experience (showing start and end dates) of the lead resource (as per section 5.1 above) in undertaking work within the	Less than or equal to 2 years (Less than 3 years)	0	
				3 to 5 years (Less than 6 years)	2.25	
				6 to 9 years (Less than 10 years)	5.25	

			lifecycle stages shown in 3.1 to 3.4 below. Experience of the lead resource can be in either: • Transport Infrastructure projects - And/or • Transport Service projects - And/or • Rail Sector projects	10 to 11 years (Less than 12 years)	11.25	
				12 to 14 years (Less than 15 years)	12.75	
				15 years and above	15	
		SECTION C: Engineering Experience (15)	CV indicating the experience of the lead resource as per the LE evaluation scale. Engineering Experience of the lead resource can be in either:	3.1 Engineering experience in Initiation (Conceptual) stage	3	
				3.2 Engineering experience in Planning (Pre-feasibility/Feasibility) stage	4	
				3.3 Engineering experience in Procurement stage	4	

			- Transport Infrastructure projects - And/or - Transport Service projects - And/or - Rail Sector projects	3.4 Engineering experience in Execution & Close-out stages	4	
4	Company Experience, Track Record and Capability	SECTION D: Company's Projects (10)	Number of projects successfully completed and verified (through a client's reference letter) in the relevant identified Engineering Services in the past ten (10) years as per the LE evaluation scale Relevant projects can be in either: - Transport Infrastructure projects - And/or	1 project	0	
				2 projects	1.5	
				3 projects	3.5	
				4 projects	7.5	
				5 projects	8.5	
				6 projects and above	10	

			- Transport Service projects And/or - Rail Sector projects			
5		SECTION E: Company's Experience (10)	Company's years of experience in Engineering as per the LE evaluation scale Relevant sectors are either: - Transport Infrastructure projects And/or - Transport Service projects And/or - Rail Sector projects	Less than or equal to 1 year (From 0 up to 24 months)	0	
				More than 2 to up to 3 years (From 25 and up to 36 months)	1.5	
				More than 3 up to 4 years (From 37 and up to 48 months)	3.5	
				More than 4 years up to 5 years (From 49 and up to 60 months)	7.5	
				More than 5 years up to 6 years (From 61 and up to 72 months)	8.5	
				More than 6 up to 10 years (From 73 months up to 120 months)	10	
6		SECTION F: Company References		1 reference	0	

		(10)	Company's reference letters for Engineering. The reference letters must: • Be located on the client letterhead • Be dated and signed by the bidder's client representative • Outline the nature of the project • Indicate the Start and End date • Be from the past ten (10) years	2 references	1.5	
				3 references	3.5	
				4 references	7.5	
				5 references	8.5	
				6 references and above	10	
		SECTION G: Skills Transfer Methodology	Bidders to outline how they would transfer Engineering Skills to GMA staff. Bidders must	No information provided	0	
7				Bidder's response is majorly deficient with a significant lack in meeting the criterion	2.25	

		(15)	provide evidence of previous skills transfer initiatives and outline their proposed approach to transferring knowledge and building capability within GMA staff.	Bidder's response is marginally deficient	5.25	
				Bidder's response meets the the criterion in full, but at a minimal level	11.25	
				Bidder's response exceeds the criterion in some aspects with minor additional benefits	12.75	
				Bidder's response significantly exceeds the criterion	15	
8		SECTION H: Method statement (15)	Bidders to outline how they would execute Engineering tasks once appointed. The method statement should respond to the Engineering Experience requirements below (as previously indicated in section 3 of this evaluation table): 3.1 Engineering experience in Initiation (Conceptual) stage	No information provided	0	
				Bidder's response is majorly deficient with a significant lack in meeting the criterion	2.25	
				Bidder's response is marginally deficient	5.25	
				Bidder's response meets the the criterion in full, but at a minimal level	11.25	
				Bidder's response exceeds the criterion in some aspects with minor additional benefits	12.75	

			3.2 Engineering experience in Planning (Pre-feasibility/Feasibility) stage 3.3 Engineering experience in Procurement stage 3.4 Engineering experience in Execution & Close-out stages	Bidder's response significantly exceeds the criterion	15

--	--	--	--	--	--	--

6.4.5 The evaluation criteria and submission compliance requirements for Specialist services under Large Enterprises (LE) is indicated in Table 3.3 below.

Table 3.3 Submission Compliance and Evaluation Criteria – Specialist Services – Large Enterprises

Bidder Name:					
This submission is for: Services					
Note: Please complete separate submission compliance forms for each Specialist Service that is being responded to. All enterprises can choose to respond to one or more specialist services outlined below. Applicable Specialist Services for this RFP are: Spatial and Land Use planning, Environmental Management, Quantity Surveying, Land Surveying, Transport Modelling services Tunnelling , Perway geometric and Water treatment.					
Requirement No.	Requirement Category	Requirement	Description	Weight	Response (Submitted or Not submitted)
1	Lead Resource	SECTION A: Qualification & Certification	Copies of tertiary qualifications (NQF level 7 or above) related to expertise required for the lead	1.1 NQF Level 7 Qualification	5

		(10)	resource and proof of valid professional registration. Refer to Qualification & Registration Table 2 (Section 5.1.6) for details	1.2 Proof of valid professional registration	5	
2		SECTION B: Experience of Lead Resource (15)	CV indicating the experience (showing start and end dates) of the lead resource (as per section 5.1 above) in undertaking work within the lifecycle stages shown in 3.1 to 3.4 below. Experience of the lead resource can be in either:	Less than or equal to 2 years (Less than 3 years)	0	
				3 to 5 years (Less than 6 years)	2.25	
				6 to 9 years (Less than 10 years)	5.25	
				10 to 11 years (Less than 12 years)	11.25	
				12 to 14 years (Less than 15 years)	12.75	
				15 years and above	15	

			• Transport Infrastructure projects - And/or • Transport Service projects - And/or • Rail Sector projects			
3		SECTION C: Specialist Service Experience (15)	CV indicating the experience of the lead resource as per the LE evaluation scale. Specialist Service Experience of the lead resource can be in either: • Transport Infrastructure projects - And/or	3.1 Specialist Service experience in Initiation (Conceptual) stage	3	
				3.2 Specialist Service experience in Planning (Pre-feasibility/Feasibility) stage	4	
				3.3 Specialist Service experience in Procurement stage	4	
				3.4 Specialist Service experience in Execution & Close-out stages	4	

			- Transport Service projects - And/or - Rail Sector projects			
4	Company Experience, Track Record and Capability	SECTION D: Company's Projects (10)	Number of projects successfully completed and verified (through a Client's reference letter) in the relevant identified Specialist Service in the past ten (10) years as per the LE evaluation scale Relevant projects can be in either: - Transport Infrastructure projects - And/or	1 project 2 projects 3 projects 4 projects 5 projects 6 projects and above	0 1.5 3.5 7.5 8.5 10	

			- Transport Service projects And/or - Rail Sector projects			
5		SECTION E: Company Experience (10)	Company's years of experience in Specialist Services as per the LE evaluation scale Relevant sectors are either: - Transport Infrastructure projects And/or - Transport Service projects And/or - Rail Sector projects	Less than or equal to 1 year (From 0 up to 24 months) More than 2 to up to 3 years (From 25 and up to 36 months) More than 3 up to 4 years (From 37 and up to 48 months) More than 4 years up to 5 years (From 49 and up to 60 months) More than 5 years up to 6 years (From 61 and up to 72 months) More than 6 up to 10 years (From 73 months up to 120 months)	0 1.5 3.5 7.5 8.5 10	

6		SECTION F: Company References (10)	Company's reference letters for the relevant Specialist Service. The reference letters must: • Be located on the client letterhead • Be dated and signed by the bidder's client representative • Outline the nature of the project • Indicate the Start and End date • Be from the past ten (10) Years	1 reference	0	
				2 references	1.5	
				3 references	3.5	
				4 references	7.5	
				5 references	8.5	
				6 references and above	10	
7		SECTION G:		No information provided	0	

		Skills Transfer Methodology (15)	Bidders to outline how they would transfer Specialist Service Skills to GMA staff. Bidders must provide evidence of previous skills transfer initiatives and outline their proposed approach to transferring knowledge and building capability within GMA staff.	Bidder's response is majorly deficient with a significant lack in meeting the criterion	2.25	
				Bidder's response is marginally deficient	5.25	
				Bidder's response meets the criterion in full, but at a minimal level	11.25	
				Bidder's response exceeds the criterion in some aspects with minor additional benefits	12.75	
				Bidder's response significantly exceeds the criterion	15	
8		SECTION H: Method statement (15)	Bidders to outline how they would execute Specialist Service tasks once appointed.	No information provided	0	
				Bidder's response is majorly deficient with a significant lack in meeting the criterion	2.25	
				Bidder's response is marginally deficient	5.25	

			The method statement should respond to the Engineering Experience requirements below (as previously indicated in section 3 of this evaluation table): 3.1 Specialist Service experience in Initiation (Conceptual) stage 3.2 Specialist Service experience in Planning (Pre-feasibility/Feasibility) stage	Bidder's response meets the criterion in full, but at a minimal level	11.25	
				Bidder's response exceeds the criterion in some aspects with minor additional benefits	12.75	
				Bidder's response significantly exceeds the criterion	15	

			3.3 Specialist Service experience in Procurement stage			
			3.4 Specialist Service experience in Execution & Close-out stages			

6.4.6 The evaluation criteria and submission compliance requirements for Specialist services (i.e. Rail Operations specialist) under Large Enterprises (LE) is indicated in Table 3.4 below:

Table 3.4 Submission Compliance and Evaluation Criteria Table – Rail Operations Specialist – Large Enterprises

Bidder Name:
This submission is for: Rail Operations Specialist Services

Requirement No.		Requirement Category	Requirement	Description	Weight	Response (Submitted or Not submitted)
1	Lead Resource	SECTION A: Qualification & Certification (10)	Copies of tertiary qualifications (NQF level 7 or above) related to expertise required for the lead resource and proof of valid professional registration. Refer to Qualification & Registration Table 2 (Section 5.1.6) for details	1.1 NQF Level 7 Qualification	5	
				1.2 Proof of valid professional registration	5	
2		SECTION B:	CV indicating the experience (showing start	Less than or equal to 2 years	0	
				3 to 5 years (less than 6 years)	2.25	

		Experience of Lead Resource (15)	and end dates) of the lead resource (as per section 5.1 above) in Rail Operations undertaking work within the tasks shown in 3.1 to 3.6 below. Experience of the lead resource can be in: Rail Sector projects	6 to 9 years (less than 10 years)	5.25	
				10 to 11 years (less than 12 years)	11.25	
				12 to 14 years (less than 15 years)	12.75	
				15 years and above	15	
		SECTION C: Rail Operations Experience (15)	CV indicating the experience of the lead Rail Operations resource. Rail Operations Experience of the lead resource can be in:	3.1 Preparation and review of capacity and demand plans	2	
3				3.2 Analysis of passenger usage patterns (actual or forecasted) and trend analysis	2	
				3.3 Determination of cost-effective rail services in relation to the passenger demand and demand growth	2	

			Rail Sector projects	3.4 Compilation of demand management plans	2	
				3.5 Development cost estimates and cost benefit analyses to support various operating scenarios	2	
				3.6 Analysis and interpretation of capacity utilisation plans	2	
				3.7 Develop a service plan and its capacity requirements	3	
4	Company Experience, Track Record and Capability	SECTION D: Company's Projects (10)	Number of projects successfully completed and verified (through a Client's reference letter) in the relevant identified Specialist Service in the past ten (10) years as per the LE evaluation scale. Relevant projects can be i:	1 project	0	
				2 projects	1.5	
				3 projects	3.5	
				4 projects	7.5	
				5 projects	8.5	
				6 projects and above	10	

			Rail Sector projects			
5		SECTION E: Company's Experience (10)	Company's years of experience in Specialist Services as per the LE evaluation scale Relevant sectors are: Rail Sector projects	Less than or equal to 1 year (From 0 up to 24 months)	0	
				More than 2 to up to 3 years (From 25 and up to 36 months)	1.5	
				More than 3 up to 4 years (From 37 and up to 48 months)	3.5	
				More than 4 years up to 5 years (From 49 and up to 60 months)	7.5	
				More than 5 years up to 6 years (From 61 and up to 72 months)	8.5	
				More than 6 up to 10 years (From 73 months up to 120 months)	10	
6		SECTION F: Company References	Company's reference letters for the relevant Specialist Service.	1 reference	0	
				2 references	1.5	

		(10)	The reference letters must: • Be located on the client letterhead • Be dated and signed by the bidder's client representative • Outline the nature of the project • Indicate the Start and End date • Be from past ten (10) years	3 references	3.5	
				4 references	7.5	
				5 references	8.5	
				6 references and above	10	
7		SECTION G: Skills Transfer Methodology	Bidders to outline how they would transfer Specialist Service Skills to GMA staff. Bidders must provide evidence of previous skills	No information provided	0	
				Bidder's response is majorly deficient with a significant lack in meeting the criterion	2.25	
				Bidder's response is marginally deficient	5.25	

8		(15)	transfer initiatives and outline their proposed approach to transferring knowledge and building capability within GMA staff.	Bidder's response meets the criterion in full, but at a minimal level	11.25	
				Bidder's response exceeds the criterion in some aspects with minor additional benefits	12.75	
				Bidder's response significantly exceeds the criterion	15	
		SECTION H: Method statement (15)	Bidders to outline how they would execute Specialist Service tasks once appointed. The method statement should respond to the Specialist Service requirements below (as previously indicated in section 3 of this evaluation table):	No information provided	0	
				Bidder's response is majorly deficient with a significant lack in meeting the criterion	2.25	
				Bidder's response is marginally deficient	5.25	
				Bidder's response meets the criterion in full, but at a minimal level	11.25	
				Bidder's response exceeds the criterion in some aspects with minor additional benefits	12.75	
				Bidder's response significantly exceeds the criterion	15	

			3.1 Preparation and review of capacity and demand plans 3.2 Analysis of passenger usage patterns (actual or forecasted) and trend analysis 3.3 Determination of cost-effective rail services in relation to the passenger demand and demand growth 3.4 Compilation of demand management plans 3.5 Development cost estimates and cost benefit analyses to support various operating scenarios			
--	--	--	--	--	--	--

			3.6 Analysis and interpretation of capacity utilisation plans 3.7 Develop a service plan and its capacity requirements			
--	--	--	--	--	--	--

6.4.7 The evaluation scale for Large Enterprises is indicated in Table 3.5

Table 3.5 Evaluation Scale for Large Enterprises

Score (as % of total points)	Score criteria
0 (No Response)	No information provided. Does not meet any part of the criterion and no supporting evidence. For experience in years, the number of years is less than or equal to 2 years.
15 (Very Poor)	Bidder's response is majorly deficient with a significant lack in meeting the criterion. Considerable reservations of the Bidder's relevant ability, understanding, experience, skills and resources required to meet the criterion, with little or no supporting evidence.
35 (Poor)	Bidder's response is marginally deficient; Deficiency of the Bidder's relevant ability, understanding, experience, skills, resources, and methodology required to meet the criterion, with little or no supporting evidence.
75 (Satisfactory)	Bidder's response meets the criterion in full, but at a minimal level; demonstration by the Bidder of the relevant ability, understanding, experience, skills, resources, and methodology required to meet the criterion, with supporting evidence.
85 (Good)	Bidder's response exceeds the criterion in some aspects with minor additional benefits. Above average, a demonstration by the Bidder of the relevant ability, understanding, experience, skills, resource, and methodology required to meet the criterion, with supporting evidence.

100 Good)	(Very	Bidder's response significantly exceeds the criterion; demonstration by the Bidder of the relevant ability, understanding, experience, skills, resources, and methodology required to meet the criterion, The proposal identifies factors that will offer potential added value, with supporting evidence.
--------------	-------	--

6.5 Functionality – Qualifying Small Enterprises (QSEs)

- 6.5.1 The technical proposals for QSEs will be scored out of 100 points, with a minimum threshold of 75 points. Bids that do not meet or better this minimum threshold score will not be evaluated further.
- 6.5.2 Bidders (QSEs) will be evaluated on functionality based on the following criteria on table 4.1-4.4.
- 6.5.3 The evaluation criteria and submission compliance requirements table for Project Management under Qualifying Small Enterprises (QSE) is indicated in Table 4.1 below.

Table 4.1 : Submission Compliance and Evaluation criteria – for Qualifying Small Enterprises (QSE) – Project Management

Bidder Name:						
Requirement No.	Requirement Category	Requirement	Description	Weight	Response (Submitted or Not submitted)	
1	Lead Resource	SECTION A: Qualification & Certification (10)	Copies of tertiary qualifications (NQF level 7 or above) related to expertise required for the lead resource and proof of valid professional registration.	1.1 NQF Level 7 Qualification	5	
			Refer to Qualification & Registration Table 2 (Section 5.1.6) for details	1.2 Proof of valid professional registration	5	
2		SECTION B: Experience of Lead Resource (15)	CV indicating the experience (showing start and end dates) of lead resource (as per section 5.1 above) in undertaking work within the activities outlined in 3.1 to 3.8 below.	Less than or equal than 2 years (Less than 3 years)	0	
				3 to 4 years (Less than 5 years)	2.25	
				5 to 6 years (Less than 7 years)	5.25	
				7 to 8 years (Less than 9 Years)	11.25	
			Experience of the lead resource can be in either: • Transport Infrastructure projects And/or	9 to 10 years (Less than 11 Years)	12.75	
				11 years and above	15	

			•Transport Service projects - And/or •Rail Sector projects			
3		SECTION C: Project Management Experience (15)	CV indicating the experience of the lead PM resource. Experience of the lead resource can be in either: •Transport Infrastructure projects - And/or •Transport Service projects - And/or •Rail Sector projects	3.1 Initiating, planning, implementing, monitoring, controlling, commissioning / handover and close-out of projects in transport infrastructure and/or services, and/or the rail sector;	3	
				3.2 Leading projects with respect to deliverables, approved budget, time and scope.	3	
				3.3 Organizing project governance and team structures; defining roles, responsibilities and accountabilities;	2	
				3.4 Compliance with statutory requirements for governance, safety, health, quality, and the environment	2	
				3.5 Provision of stakeholder engagement, coordination, and management with client's management structures as well as all three spheres of government, as well as the public (both individuals and organizations) in accordance with legislative requirements.	2	
				3.6 Communication management including allowance for marketing	1	

				mechanisms and artifacts as and when required to provide the service		
				3.7 Contract management, quality management, risk management and records management	1	
				3.8 Co-ordination of and participation in meetings related to any of the service requirements	1	
4	Company Experience, Track Record and Capability	SECTION D: Company's Projects (10)	Number of projects successfully completed and verified (through a Client's reference letter) in the relevant identified service areas in the past ten (10) years as per the QSE evaluation scale Relevant projects in either: • Transport Infrastructure projects And/or • Transport Service projects And/or • Rail Sector projects	0 project	0	
				1 project	1.5	
				2 projects	3.5	
				3 projects	7.5	
				4 projects	8.5	
				5 projects and above	10	
5		SECTION E: Company's Experience (10)	Company's years of experience in Project Management as per the QSE evaluation scale Relevant sectors are either: • Transport Infrastructure projects And/or • Transport Service projects	Less than or equal to 1 year (From 0 up to 24 months)	0	
				More than 2 to up to 3 years (From 25 and up to 36 months)	1.5	
				More than 3 up to 4 years (From 37 and up to 48 months)	3.5	

6			And/or • Rail Sector projects	More than 4 years up to 5 years (From 49 and up to 60 months)	7.5	
				More than 5 years up to 6 years (From 61 and up to 72 months)	8.5	
				More than 6 up to 10 years (From 73 months up to 120 months)	10	
		SECTION F: Company References (10)	Company's reference letters for Project Management. The reference letters must: • Be located on the client letterhead • Be dated and signed by the bidder's client representative • Outline the nature of the project • Indicate the Start and End date	0 reference	0	
				1 reference	1.5	
				2 references	3.5	
				3 references	7.5	
				4 references	8.5	
				5 references and above	10	
7		SECTION G: Skills Transfer Methodology	Bidders to outline how they would transfer Project Management Skills to GMA staff.	No information provided	0	
				Bidder's response is majorly deficient with a significant lack in meeting the criterion	2.25	

8		(15)	Bidders must provide evidence of previous skills transfer initiatives and outline their proposed approach to transferring knowledge and building capability within GMA staff.	Bidder's response is marginally deficient	5.25	
				Bidder's response meets the criterion in full, but at a minimal level	11.25	
				Bidder's response exceeds the criterion in some aspects with minor additional benefits	12.75	
				Bidder's response significantly exceeds the criterion	15	
		SECTION H: Method statement (15)	Bidders to outline how they would execute Project Management tasks once appointed. The method statement should respond to the Project Management requirements below (as previously indicated in requirement 3 of this evaluation table): 3.1 Initiating, planning, implementing, monitoring, controlling, commissioning / handover and close-out of projects in transport infrastructure and/or services, and/or the rail sector; 3.2 Leading projects with respect to deliverables, approved budget, time and scope 3.3 Organizing project governance and team structures; defining roles, responsibilities and accountabilities; 3.4 Compliance with statutory requirements for governance, safety, health, quality, and the environment	No information provided	0	
				Bidder's response is majorly deficient with a significant lack in meeting the criterion	2.25	
				Bidder's response is marginally deficient	5.25	
				Bidder's response meets the criterion in full, but at a minimal level	11.25	
				Bidder's response exceeds the criterion in some aspects with minor additional benefits	12.75	
				Bidder's response significantly exceeds the criterion	15	

			3.5 Provision of stakeholder engagement, coordination, and management with client's management structures as well as all three spheres of government, as well as the public (both individuals and organizations) in accordance with legislative requirements. 3.6 Communication management including allowance for marketing mechanisms and artifacts as and when required to provide the service 3.7 Contract management, quality management, risk management and records management 3.8 Co-ordination of and participation in meetings related to any of the service requirements			
--	--	--	---	--	--	--

6.5.4 The evaluation criteria and submission compliance requirements table for Engineering services under Qualifying Small Enterprises (QSE) is indicated in Table 4.2 below.

Table 4.2: Submission compliance and Evaluation criteria – for Qualifying Small Enterprises (QSE) – Engineering services

Bidder Name:
This submission is for: _____ Engineering
Note: Please complete separate submission compliance forms for each Engineering Discipline that is being responded to. Qualifying Small Enterprises can choose to respond to only one or more Engineering Disciplines. Applicable Engineering Disciplines for this RFP are: Civil, Geotechnical, Structural, Transport, Hydraulic, Environmental, Rail, Bridge, Pavement, Geometric, Rolling Stock, Electro-Mechanical, Power Supply and Distribution, Signaling, Telecommunications, Mining and Systems Integration Engineering, Tunnelling , Perway geometric and Water treatment.

Requirement No.		Requirement Category	Requirement	Description	Weight	Response (Submitted or Not Submitted)
1	Lead Resource	SECTION A: Qualification & Certification (10)	Copies of tertiary qualifications (NQF level 7 or above) related to expertise required for the lead resource and proof of valid professional registration. Refer to Qualification & Registration Table 2 (Section 5.1.6) for details	1.1 NQF Level 7 Qualification	5	
1.2 Proof of valid professional registration				5		
2		SECTION B: Experience of Lead Resource	CV indicating the experience (showing start and end dates) of the lead resource (as per section 5.1 above) in undertaking work	Less than or equal than 2 years (Less than 3 years)	0	
3 to 4 years (Less than 5 years)				2.25		
5 to 6 years (Less than 7 years)				5.25		
7 to 8 years (Less than 9 Years)	11.25					

		(15	within the lifecycle stages shown in 3.1 to 3.4 below.	9 to 10 years (Less than 11 Years)	12.75	
			Experience of the lead resource can be in either: • Transport Infrastructure projects - And/or • Transport Service projects - And/or • Rail Sector projects	11 years and above	15	
3		SECTION C:	CV indicating the experience of the lead resource as per the QSE evaluation scale.	3.1 Engineering experience in Initiation (Conceptual) stage	3	
		Engineering Experience		3.2 Engineering experience in Planning (Pre-feasibility/Feasibility) stage	4	
		(15)		3.3 Engineering experience in Procurement stage	4	

			Engineering Experience of the lead resource can be in either: • Transport Infrastructure projects - And/or • Transport Service projects - And/or • Rail Sector projects	3.4 Engineering experience in Execution & Close-out stages	4	
4	Company Experience, Track Record and Capability	SECTION D: Company's Projects (10)	Number of projects successfully completed and verified (through a Client's reference letter) in the relevant identified	0 project	0	
				1 project	1.5	
				2 projects	3.5	
				3 projects	7.5	

			Engineering Services in the past ten (10) years as per the QSE evaluation scale	4 projects	8.5	
			Relevant projects can be in either: - Transport Infrastructure projects And/or - Transport Service projects And/or - Rail Sector projects	5 projects and above	10	
		SECTION E: Company's Experience (10)	Company's years of experience in Engineering as per the QSE evaluation scale Relevant sectors are either:	Less than or equal to 1 year (From 0 up to 24 months)	0	
				More than 2 to up to 3 years (From 25 and up to 36 months)	1.5	
				More than 3 up to 4 years (From 37 and up to 48 months)	3.5	

6			Transport Infrastructure projects	More than 4 years up to 5 years (From 49 and up to 60 months)	7.5	
			And/or Transport Service projects	More than 5 years up to 6 years (From 61 and up to 72 months)	8.5	
			And/or Rail Sector projects	More than 6 up to 10 years (From 73 months up to 120 months)	10	
		SECTION F: Company References (10)	Company's reference letters for Engineering.	0 reference	0	
				1 reference	1.5	
			The reference letters must: - Be located on the client letterhead - Be dated and signed by the bidder's client representative - Outline the nature of the project	2 references	3.5	
				3 references	7.5	
				4 references	8.5	
				5 references and above	10	

			- Indicate the Start and End date - Be from the past ten (10) years			
7		SECTION G: Skills Transfer Methodology (15)	Bidders to outline how they would transfer Engineering Skills to GMA staff. Bidders must provide evidence of previous skills transfer initiatives and outline their proposed approach to transferring knowledge and building capability within GMA staff.	No information provided	0	
				Bidder's response is majorly deficient with a significant lack in meeting the criterion	2.25	
				Bidder's response is marginally deficient	5.25	
				Bidder's response meets the criterion in full, but at a minimal level	11.25	
				Bidder's response exceeds the criterion in some aspects with minor additional benefits	12.75	
				Bidder's response significantly exceeds the criterion	15	
8		SECTION H: Method statement (15)	Bidders to outline how they would execute Engineering tasks once appointed.	No information provided	0	
				Bidder's response is majorly deficient with a significant lack in meeting the criterion	2.25	
				Bidder's response is marginally deficient	5.25	

			The method statement should respond to the Engineering Experience requirements below (as previously indicated in section 3 of this evaluation table): 3.1 Engineering experience in Initiation (Conceptual) stage 3.2 Engineering experience in Planning (Pre-feasibility/Feasibility) stage 3.3 Engineering experience in Procurement stage 3.4 Engineering experience in Execution & Close-out stages	Bidder's response meets the criterion in full, but at a minimal level	11.25	
				Bidder's response exceeds the criterion in some aspects with minor additional benefits	12.75	
				Bidder's response significantly exceeds the criterion	15	

--	--	--	--	--	--	--

6.5.5 The evaluation criteria and submission compliance requirements table for specialist services under Qualifying Small Enterprises (QSE) is indicated in Table 4.3 below.

Table 4.3: Submission compliance and Evaluation criteria – for Qualifying Small Enterprises (QSE) – Specialist services

			Refer to Qualification & Registration Table 2 (Section 5.1.6) for details			
2		SECTION B Experience of Lead Resource (10)	CV indicating the experience (showing start and end dates) of the lead resource (as per section 5.1 above) in undertaking work within the lifecycle stages shown in 3.1 to 3.4 below. Experience of the lead resource can be in either: • Transport Infrastructure projects - And/or • Transport Service projects	Less than or equal than 2 years (Less than 3 years)	0	
				3 to 4 years (Less than 5 years)	2.25	
				5 to 6 years (Less than 7 years)	5.25	
				7 to 8 years (Less than 9 Years)	11.25	
				9 to 10 years (Less than 11 Years)	12.75	
				11 years and above	15	

			And/or Rail Sector projects			
3		SECTION C Specialist Experience (15)	CV indicating the experience of the lead resource as per the QSE evaluation scale. Engineering Experience of the lead resource can be in either: - Transport Infrastructure projects - And/or Transport Service projects - And/or Rail Sector projects	3.1 Specialist Service experience in Initiation (Conceptual) stage	3	
				3.2 Specialist Service experience in Planning (Pre-feasibility/Feasibility) stage	4	
				3.3 Specialist Service experience in Procurement stage	4	
				3.4 Specialist Service experience in Execution & Close-out stages	4	
4	Company Experience,	SECTION D		0 project	0	

	Track Record and Capability	Company's Projects (10)	Number of projects successfully completed and verified (through a Client's reference letter) in the relevant identified Specialist Service in the past ten (10) years as per the QSE evaluation scale Relevant projects can be in either: • Transport Infrastructure projects And/or • Transport Service projects And/or • Rail Sector projects	1 project	1.5	
				2 projects	3.5	
				3 projects	7.5	
				4 projects	8.5	
				5 projects and above	10	

5		SECTION E Company's Experience (10)	Company's years of experience in Specialist Services as per the QSE evaluation scale Relevant sectors are either: - Transport Infrastructure projects And/or - Transport Service projects And/or - Rail Sector projects	Less than or equal to 1 year (From 0 up to 24 months)	0	
				More than 2 to up to 3 years (From 25 and up to 36 months)	1.5	
				More than 3 up to 4 years (From 37 and up to 48 months)	3.5	
				More than 4 years up to 5 years (From 49 and up to 60 months)	7.5	
				More than 5 years up to 6 years (From 61 and up to 72 months)	8.5	
				More than 6 up to 10 years (From 73 months up to 120 months)	10	
6		SECTION F	Company's reference letters for the relevant Specialist Service.	0 reference	0	
				1 reference	1.5	

		Company References (10)	The reference letters must: • Be located on the client letterhead • Be dated and signed by the bidder's client representative • Outline the nature of the project • Indicate the Start and End date • Be from the past ten (10) Years	2 references	3.5	
				3 references	7.5	
				4 references	8.5	
				5 references and above	10	
7		SECTION G	Bidders to outline how they would transfer Specialist Service Skills to GMA staff.	No information provided	0	
				Bidder's response is majorly deficient with a significant lack in meeting the criterion	2.25	

8		Skills Transfer Methodology (15)	Bidders must provide evidence of previous skills transfer initiatives and outline their proposed approach to transferring knowledge and building capability within GMA staff.	Bidder's response is marginally deficient	5.25	
				Bidder's response meets the criterion in full, but at a minimal level	11.25	
				Bidder's response exceeds the criterion in some aspects with minor additional benefits	12.75	
				Bidder's response significantly exceeds the criterion	15	
		SECTION H Method statement (15)	Bidders to outline how they would execute Specialist Service tasks once appointed. The method statement should respond to the Engineering Experience requirements below (as	No information provided	0	
				Bidder's response is majorly deficient with a significant lack in meeting the criterion	2.25	
				Bidder's response is marginally deficient	5.25	
				Bidder's response meets the criterion in full, but at a minimal level	11.25	
				Bidder's response exceeds the criterion in some aspects with minor additional benefits	12.75	

			previously indicated in section 3 of this evaluation table): 3.1 Specialist Service experience in Initiation (Conceptual) stage 3.2 Specialist Service experience in Planning (Pre-feasibility/Feasibility) stage 3.3 Specialist Service experience in Procurement stage	Bidder's response significantly exceeds the criterion	15	
--	--	--	---	---	----	--

			3.4 Specialist Service experience in Execution & Close-out stages

6.5.6 The evaluation criteria and submission compliance requirements table for specialist services (Rail Operations Specialist) under Qualifying Small Enterprises (QSE) is indicated in Table 4.4 below.

Table 4.4: Submission and Evaluation criteria – for Qualifying Small Enterprises (QSE) – Rail Operations Specialist

Bidder Name:					
This submission is for:					
Rail Operations Specialist Services					
Requirement No.	Requirement Category	Requirement	Description	Weight	Response (Submitted or Not Submitted)

1	Lead Resource	SECTION A Qualification & Certification (10)	Copies of tertiary qualifications (NQF level 7 or above) related to expertise required for the lead resource and proof of valid professional registration. Refer to Qualification & Registration Table 2 (Section 5.1.6) for details	1.1 NQF Level 7 Qualification	5	
				1.2 Proof of valid professional registration	5	
2		SECTION B Experience of Lead Resource (15)	CV indicating the experience (showing start and end dates) of the lead resource (as per section 5.1 above) in Rail Operations	Less than or equal than 2 years (Less than 3 years)	0	
				3 to 4 years (Less than 5 years)	2.25	
				5 to 6 years (Less than 7 years)	5.25	
				7 to 8 years (Less than 9 Years)	11.25	
				9 to 10 years (Less than 11 Years)	12.75	

			undertaking work within the tasks shown in 3.1 to 3.6. Experience of the lead resource can be in: Rail Sector projects	11 years and above	15	
3		SECTION C	CV indicating the experience of the lead Rail Operations resource.	3.1 Preparation and review of capacity and demand plans	2	
		Rail Operations Experience (15)	Rail Operations Experience of the lead resource can be in:	3.2 Analysis of passenger usage patterns (actual or forecasted) and trend analysis	2	
			Rail Sector projects	3.3 Determination of cost-effective rail services in relation to the passenger demand and demand growth	2	
				3.4 Compilation of demand management plans	2	
				3.5 Development cost estimates and cost benefit analyses to support various operating scenarios	2	

				3.6 Analysis and interpretation of capacity utilisation plans	2	
				3.7 Develop a service plan and its capacity requirements	3	
4	Company Experience, Track Record and Capability	SECTION D Company's Projects (10)	Number of projects successfully completed and verified (through a Client's reference letter) in the relevant identified Specialist Service in the past ten (10) years as per the QSE evaluation scale. Relevant projects can be: Rail Sector projects	0 project	0	
				1 project	1.5	
				2 projects	3.5	
				3 projects	7.5	
				4 projects	8.5	
				5 projects and above	10	

5		SECTION E Company's Experience (10)	Company's years of experience in Specialist Services as per the QSE evaluation scale Relevant sectors are: • Rail Sector projects	Less than or equal to 1 year (From 0 up to 24 months)	0	
				More than 2 to up to 3 years (From 25 and up to 36 months)	1.5	
				More than 3 up to 4 years (From 37 and up to 48 months)	3.5	
				More than 4 years up to 5 years (From 49 and up to 60 months)	7.5	
				More than 5 years up to 6 years (From 61 and up to 72 months)	8.5	
				More than 6 up to 10 years (From 73 months up to 120 months)	10	
6		SECTION F Company References (10)	Company's reference letters for the relevant Specialist Service.	0 reference	0	
				1 reference	1.5	
				2 references	3.5	

			The reference letters must: • Be located on the client letterhead • Be dated and signed by the bidder's client representative • Outline the nature of the project • Indicate the Start and End date • Be from past ten (10) years	3 references	7.5	
				4 references	8.5	
				5 references and above	10	
7		SECTION G Skills Transfer Methodology (15)	Bidders to outline how they would transfer Specialist Service Skills to GMA staff. Bidders must provide evidence of previous skills transfer initiatives and outline their proposed	No information provided	0	
				Bidder's response is majorly deficient with a significant lack in meeting the criterion	2.25	
				Bidder's response is marginally deficient	5.25	
				Bidder's response meets the criterion in full, but at a minimal level	11.25	

8			approach to transferring knowledge and building capability within GMA staff.	Bidder's response exceeds the criterion in some aspects with minor additional benefits	12.75	
				Bidder's response significantly exceeds the criterion	15	
		SECTION H Method statement (15)	Bidders to outline how they would execute Specialist Service tasks once appointed. The method statement should respond to the requirements below (as previously indicated in section 3 of this evaluation table): 3.1 Preparation and review of capacity and demand plans	No information provided	0	
				Bidder's response is majorly deficient with a significant lack in meeting the criterion	2.25	
				Bidder's response is marginally deficient	5.25	
				Bidder's response meets the criterion in full, but at a minimal level	11.25	
				Bidder's response exceeds the criterion in some aspects with minor additional benefits	12.75	
				Bidder's response significantly exceeds the criterion	15	

			3.2 Analysis of passenger usage patterns (actual or forecasted) and trend analysis 3.3 Determination of cost-effective rail services in relation to the passenger demand and demand growth 3.4 Compilation of demand management plans 3.5 Development cost estimates and cost benefit analyses to support various operating scenarios 3.6 Analysis and interpretation of capacity utilisation plans			
--	--	--	--	--	--	--

			3.7 Develop a service plan and its capacity requirements			
--	--	--	--	--	--	--

6.5.7 The evaluation scale for Qualifying Small Enterprises (QSE) is indicated in Table 4.5

Table 4.5: Evaluation Scale for Qualifying Small Enterprises (QSE)

Score (as %)	Score criteria	Level
0 (No Response)	No information provided. Does not meet any part of the criterion and no supporting evidence. For experience in years, the number of years is less than or equal to 2 years.	0
15 (Very Poor)	Bidder's response is majorly deficient with a significant lack in meeting the criterion. Considerable reservations of the Bidder's relevant ability, understanding, experience, skills and resources required to meet the criterion, with little or no supporting evidence.	1
35 (Poor)	Bidder's response is marginally deficient; Deficiency of the Bidder's relevant ability, understanding, experience, skills, resources, and methodology required to meet the criterion, with little or no supporting evidence.	2
75 (Satisfactory)	Bidder's response meets the criterion in full, but at a minimal level; demonstration by the Bidder of the relevant ability, understanding, experience, skills, resources, and methodology required to meet the criterion, with supporting evidence.	3
85 (Good)	Bidder's response exceeds the criterion in some aspects with minor additional benefits. Above average, a demonstration by the Bidder of the relevant ability, understanding, experience, skills, resource, and methodology required to meet the criterion, with supporting evidence.	4

Score (as %)	Score criteria	Level
100 (Very Good)	Bidder's response significantly exceeds the criterion; demonstration by the Bidder of the relevant ability, understanding, experience, skills, resources, and methodology required to meet the criterion, The proposal identifies factors that will offer potential added value, with supporting evidence.	5

6.6 Functionality – Exempt Micro Enterprises (EMEs)

- 6.6.1 The technical proposals for EMEs will be scored out of 100 points with a minimum threshold of 75 points. Bids that do not meet or better this technical minimum score will not be evaluated further.
- 6.6.2 Bidders (EMEs) will be evaluated on functionality based on the following criteria table 5.1-5.4:

6.6.3 The evaluation criteria and submission compliance requirements table for Project Management under Exempt Micro Enterprises (EME) is indicated in Table 5.1 below.

Table 5.1: Submission compliance and Evaluation criteria – for Exempt Micro Enterprises (EME)-Project Management

Bidder Name:						
Requirement No.		Requirement Category	Requirement	Description	Weight	Response (Submitted or Not Submitted)
1	Lead Resource	SECTION A Qualification & Certification (10)	Copies of tertiary qualifications (NQF level 7 or above) related to expertise required for the lead resource and proof of valid professional registration.	1.1 NQF Level 7 Qualification	5	
				1.2 Proof of valid professional registration	5	

			Refer to Qualification & Registration Table 2 (Section 5.1.6) for details			
2		SECTION B Experience of Lead Resource (15)	CV indicating the experience (showing start and end dates) of lead resource (as per section 5.1 above) in undertaking work within the activities outlined in 3.1 to 3.8 below. Experience of the lead resource can be in either: Transport Infrastructure projects And/or	Less than or equal to 2 years (Less than 3 years)	0	
				3 to 4 years (Less than 5 years)	2.25	
				5 to 6 years (Less than 7 years)	5.25	
				7 to 8 years (Less than 9 years)	11.25	
				9 to 10 years (Less than 11 years)	12.75	
				11 years and above	15	

			- Transport Service projects - And/or Rail Sector projects			
3		SECTION C Project Management Experience (15)	CV indicating the experience of the lead PM resource. Experience of the lead resource can be in either: - Transport Infrastructure projects - And/or	3.1 Initiating, planning, implementing, monitoring, controlling, commissioning / handover and close-out of projects in transport infrastructure and/or services, and/or the rail sector;	3	
				3.2 Leading projects with respect to deliverables, approved budget, time and scope.	3	
				3.3 Organizing project governance and team structures; defining roles, responsibilities and accountabilities;	2	

			- Transport Service projects - And/or Rail Sector projects	3.4 Compliance with statutory requirements for governance, safety, health, quality, and the environment	2	
				3.5 Provision of stakeholder engagement, coordination, and management with client's management structures as well as all three spheres of government, as well as the public (both individuals and organizations) in accordance with legislative requirements.	2	
				3.6 Communication management including allowance for marketing mechanisms and artifacts as and when required to provide the service	1	
				3.7 Contract management, quality management, risk management and records management	1	

				3.8 Co-ordination of and participation in meetings related to any of the aforementioned service requirements	1	
4	Company Experience, Track Record and Capability	SECTION D Company's Projects (15)	Number of projects successfully completed and verified (through a client's reference letter) in the relevant identified service areas in the past ten (10) years as per the EME evaluation scale Relevant projects in either: • Transport Infrastructure projects - And/or • Transport Service projects	0 project	0	
				1 project	5.25	
				2 projects	11.25	
				3 projects and above	15	

			And/or Rail Sector projects			
5		SECTION E Company's Experience (15)	Company's years of experience in Project Management as per the EME evaluation scale Relevant sectors are either: - Transport Infrastructure projects - And/or Transport Service projects - And/or	Less than or equal to 1 year (From 0 up to 24 months)	0	
				More than 2 to up to 3 years (From 25 and up to 36 months)	2.25	
				More than 3 up to 4 years (From 37 and up to 48 months)	5.25	
				More than 4 years up to 5 years (From 49 and up to 60 months)	11.25	
				More than 5 years up to 6 years (From 61 and up to 72 months)	12.75	
				More than 6 up to 10 years (From 73 months up to 120 months)	15	

			Rail Sector projects			
6		SECTION F	Company's reference letters for Project Management. The reference letters must: - Be located on the client letterhead - Be dated and signed by the bidder's client representative - Outline the nature of the project - Indicate the Start and End date	1 reference	0	
		Company References (15)		2 references	11.25	
				3 references and above	15	

			Be from the past ten (10) Years			
7		SECTION G Method statement (15)	Bidders to outline how they would execute Project Management tasks once appointed. The method statement should respond to the Project Management Experience requirements below (as previously indicated in requirement no. 3 of this evaluation table): 3.1 Initiating, planning, implementing, monitoring, controlling, commissioning / handover and close-out of projects in transport infrastructure and/or services, and/or the rail sector; 3.2 Leading projects with respect to deliverables, approved budget, time and scope	No information provided	0	
				Bidder's response is majorly deficient with a significant lack in meeting the criterion	2.25	
				Bidder's response is marginally deficient	5.25	
				Bidder's response meets the criterion in full, but at a minimal level	11.25	
				Bidder's response exceeds the criterion in some aspects with minor additional benefits	12.75	
				Bidder's response significantly exceeds the criterion	15	

			3.3 Organizing project governance and team structures; defining roles, responsibilities and accountabilities; 3.4 Compliance with statutory requirements for governance, safety, health, quality, and the environment 3.5 Provision of stakeholder engagement, coordination, and management with client's management structures as well as all three spheres of government, as well as the public (both individuals and organizations) in accordance with legislative requirements. 3.6 Communication management including allowance for marketing mechanisms and artifacts as and when required to provide the service			
--	--	--	---	--	--	--

			3.7 Contract management, quality management, risk management and records management 3.8 Co-ordination of and participation in meetings related to any of the service requirements			
--	--	--	---	--	--	--

6.6.4 The evaluation criteria and submission compliance requirements table for Engineering services under Exempt Micro Enterprises (EME) is indicated in Table 5.2 below.

Table 5.2: Evaluation criteria – for Exempt Micro Enterprises (EME)-Engineering Services

Bidder Name:					
This submission is for:					
_____ Engineering					
Note: Please complete separate submission compliance forms for each Engineering Discipline that is being responded to. Exempt Micro Enterprises can choose to respond to only one or more Engineering Disciplines. Applicable Engineering Disciplines for this RFP are: Civil, Geotechnical, Structural, Transport, Hydraulic, Environmental, Rail, Bridge, Pavement, Geometric, Rolling Stock, Electro-Mechanical, Power Supply and Distribution, Signalling, Telecommunications, Mining, Systems Integration Engineering, Tunnelling, Perway Geometric and Water Treatment.					
Requirement No.	Requirement Category	Requirement	Description	Weight	Response (Submitted or Not Submitted)

1	Lead Resource	SECTION A Qualification & Certification (10)	Copies of tertiary qualifications (NQF level 7 or above) related to expertise required for the lead resource and proof of valid professional registration. Refer to Qualification & Registration Table 2 (Section 5.1.6) for details	1.1 NQF Level 7 Qualification	5	
1.2 Proof of valid professional registration				5		
2		SECTION B Experience of Lead Resource (15)	CV indicating the experience (showing start and end dates) of the lead resource (as per section 5.1 above) in undertaking work within the lifecycle stages shown in 3.1 to 3.4 below.	Less than or equal to 2 years (Less than 3 years)	0	
3 to 4 years (Less than 5 years)				2.25		
5 to 6 years (Less than 7 years)				5.25		
7 to 8 years (Less than 9 years)				11.25		
9 to 10 years (Less than 11 years)				12.75		
11 years and above				15		

			Experience of the lead resource can be in either: • Transport Infrastructure projects - And/or • Transport Service projects - And/or • Rail Sector projects			
3		SECTION C Engineering Experience (15)	CV indicating the experience of the lead resource as per the EME evaluation scale. Engineering Experience of the lead resource can be in either:	3.1 Engineering experience in Initiation (Conceptual) stage	3	
				3.2 Engineering experience in Planning (Pre-feasibility/Feasibility) stage	4	
				3.3 Engineering experience in Procurement stage	4	
				3.4 Engineering experience in Execution & Close-out stages	4	

			• Transport Infrastructure projects - And/or • Transport Service projects - And/or • Rail Sector projects			
4	Company Experience, Track Record and Capability	SECTION D Company's Projects (15)	Number of projects successfully completed and verified (through a client's reference letter) in the relevant identified Engineering Services in the past ten (10) years as per the EME evaluation scale Relevant projects can be in either:	0 project	0	
				1 project	5.25	
				2 projects	11.25	
				3 projects and above	15	

			- Transport Infrastructure projects And/or - Transport Service projects And/or - Rail Sector projects			
5		SECTION E Company's Experience (15)	Company's years of experience in Engineering as per the EME evaluation scale Relevant sectors are either: Transport Infrastructure projects And/or	Less than or equal to 1 year (From 0 up to 24 months)	0	
				More than 2 to up to 3 years (From 25 and up to 36 months)	2.25	
				More than 3 up to 4 years (From 37 and up to 48 months)	5.25	
				More than 4 years up to 5 years (From 49 and up to 60 months)	11.25	
				More than 5 years up to 6 years (From 61 and up to 72 months)	12.75	

			- Transport Service projects And/or - Rail Sector projects	More than 6 up to 10 years (From 73 months up to 120 months)	15	
6		SECTION F	Company's reference letters for Engineering. The reference letters must: - Be located on the client letterhead - Be dated and signed by the bidder's client representative - Outline the nature of the project - Indicate the Start and End date - Be from the past ten (10) years	1 reference	0	
		Company References (15)		2 references	11.25	
				3 references and above	15	

7		SECTION G Method statement (15)	Bidders to outline how they would execute Engineering tasks once appointed. The method statement should respond to the Engineering Experience requirements below (as previously indicated in requirement no. 3 of this evaluation table): 3.1 Engineering experience in Initiation (Conceptual) stage 3.2 Engineering experience in Planning (Pre-feasibility/Feasibility) stage	No information provided	0	
				Bidder's response is majorly deficient with a significant lack in meeting the criterion	2.25	
				Bidder's response is marginally deficient	5.25	
				Bidder's response meets the criterion in full, but at a minimal level	11.25	
				Bidder's response exceeds the criterion in some aspects with minor additional benefits	12.75	
				Bidder's response significantly exceeds the criterion	15	

			3.3 Engineering experience in Procurement stage 3.4 Engineering experience in Execution & Close-out stages			
--	--	--	--	--	--	--

--	--	--	--	--	--	--

6.6.5 The evaluation criteria and submission compliance requirements table for Specialist Services under Exempt Micro Enterprises (EME) is indicated in Table 5.3 below.

Table 5.3: Submission and Evaluation criteria – for Exempt Micro Enterprises (EME)- Specialist Services

Bidder Name:					
This submission is for: _____ Services					
Note: Please complete separate submission compliance forms for each Specialist Service that is being responded to. Exempt Micro Enterprises can choose to respond to one or more specialist services outlined below. Applicable Specialist Services for this RFP are: Spatial and Land Use Planning, Environmental Management, Quantity Surveying, Land Surveying and Transport Modelling services.					
Requirement No.	Requirement Category	Requirement	Description	Weight	Response (Submitted or Not Submitted)

1	Lead Resource	SECTION A Qualification & Certification (10)	Copies of tertiary qualifications (NQF level 7 or above) related to expertise required for the lead resource and proof of valid professional registration. Refer to Qualification & Registration Table 2 (Section 5.1.6) for details	1.1 NQF Level 7 Qualification	5	
				1.2 Proof of valid professional registration	5	
2		SECTION B Experience of Lead Resource (15)	CV indicating the experience (showing start and end dates) of the lead resource (as per section 5.1 above) in undertaking work within the lifecycle stages shown in 3.1 to 3.4 below.	Less than or equal to 2 years (Less than 3 years)	0	
				3 to 4 years (Less than 5 years)	2.25	
				5 to 6 years (Less than 7 years)	5.25	
				7 to 8 years (Less than 9 years)	11.25	
				9 to 10 years (Less than 11 years)	12.75	
				11 years and above	15	

			Experience of the lead resource can be in either: • Transport Infrastructure projects - And/or • Transport Service projects - And/or • Rail Sector projects			
3		SECTION C Specialist Service Experience (15)	CV indicating the experience of the lead resource as per the EME evaluation scale. Specialist Service Experience of the lead resource can be in either:	3.1 Specialist Service experience in Initiation (Conceptual) stage	3	
				3.2 Specialist Service experience in Planning (Pre-feasibility/Feasibility) stage	4	
				3.3 Specialist Service experience in Procurement stage	4	
				3.4 Specialist Service experience in Execution & Close-out stages	4	

			• Transport Infrastructure projects - And/or • Transport Service projects - And/or • Rail Sector projects			
4	Company Experience, Track Record and Capability	SECTION D Company's Projects (15)	Number of projects successfully completed and verified (through a client's reference letter) in the relevant identified Specialist Service in the past ten (10) years as per the EME evaluation scale Relevant projects can be in either:	0 project	0	
				1 project	5.25	
				2 projects	11.25	
				3 projects and above	15	

			- Transport Infrastructure projects And/or - Transport Service projects And/or - Rail Sector projects			
5		SECTION E	Company's years of experience in Specialist Services as per the EME evaluation scale	Less than or equal to 1 year (From 0 up to 24 months)	0	
		Company's Experience	Relevant sectors are either:	More than 2 to up to 3 years (From 25 and up to 36 months)	2.25	
		(15)	Transport Infrastructure projects And/or	More than 3 up to 4 years (From 37 and up to 48 months)	5.25	
				More than 4 years up to 5 years (From 49 and up to 60 months)	11.25	
				More than 5 years up to 6 years (From 61 and up to 72 months)	12.75	

			- Transport Service projects And/or - Rail Sector projects	More than 6 up to 10 years (From 73 months up to 120 months)	15	
6		SECTION F Company References (15)	Company's reference letters for the relevant Specialist Service. The reference letters must: - Be located on the client letterhead - Be dated and signed by the bidder's client representative - Outline the nature of the project - Indicate the Start and End date	1 reference	0	
				2 references	11.25	
				3 references and above	15	

			Be from the past ten (10) years			
7		SECTION G	Bidders to outline how they would execute Specialist Service tasks once appointed.	No information provided	0	
		Method statement		Bidder's response is majorly deficient with a significant lack in meeting the criterion	2.25	
		(15)		Bidder's response is marginally deficient	5.25	
			The method statement should respond to the Specialist Service Experience requirements below (as previously indicated in section 3 of this evaluation table):	Bidder's response meets the criterion in full, but at a minimal level	11.25	
				Bidder's response exceeds the criterion in some aspects with minor additional benefits	12.75	
			3.1 Specialist service experience in Initiation (Conceptual) stage	Bidder's response significantly exceeds the criterion	15	

			3.2 Specialist service experience in Planning (Pre-feasibility/Feasibility) stage 3.3 Specialist service experience in Procurement stage 3.4 Specialist service experience in Execution & Close-out stages

6.6.6 The evaluation criteria and submission compliance requirements table for Specialist (Rail Operations) services under Exempt Micro Enterprises (EME) is indicated in Table 5.4 below.

Table 5.4: Evaluation criteria – for Exempt Micro Enterprises (EME)- Rail Operations Specialist

Bidder Name:
This submission is for:

Rail Operations Specialist Services						
Note: Please complete separate submission compliance forms for each Specialist Service that is being responded to.						
The applicable Specialist Service for this form is: Rail Operations Specialist.						
Requirement No.		Requirement Category	Requirement	Description	Weight	Response (Submitted or Not-submitted)
1	Lead Resource	SECTION A Qualification & Certification (10)	Copies of tertiary qualifications (NQF level 7 or above) related to expertise required for the lead resource and proof of valid professional registration. Refer to Qualification & Registration Table 2 for details	1.1 NQF Level 7 Qualification	5	
				1.2 Proof of valid professional registration	5	
2		SECTION B		Less than or equal to 2 years (Less than 3 years)	0	

		Experience of Lead Resource (15)	CV indicating the experience (showing start and end dates) of the lead resource (as per section 5.1 above) in Rail Operations undertaking work within the tasks shown in 3.1 to 3.6. Experience of the lead resource can be in: Rail Sector projects	3 to 4 years (Less than 5 years)	2.25	
				5 to 6 years (Less than 7 years)	5.25	
				7 to 8 years (Less than 9 years)	11.25	
				9 to 10 years (Less than 11 years)	12.75	
				11 years and above	15	
3		SECTION C Rail Operations Experience (15)	CV indicating the experience of the lead Rail Operations resource. Rail Operations Experience of the lead resource can be in:	3.1 Preparation and review of capacity and demand plans	2	
				3.2 Analysis of passenger usage patterns (actual or forecasted) and trend analysis	2	
				3.3 Determination of cost-effective rail services in relation to the passenger demand and demand growth	2	

			Rail Sector projects	3.4 Compilation of demand management plans	2	
				3.5 Development cost estimates and cost benefit analyses to support various operating scenarios	2	
				3.6 Analysis and interpretation of capacity utilization plans	2	
				3.7 Develop a service plan and its capacity requirements	3	
4	Company Experience, Track Record and Capability	SECTION D Company's Projects (15)	Number of projects successfully completed and verified (through a client's reference letter) in the relevant identified Specialist Service in the past ten (10) years as per the EME evaluation scale. Relevant projects can be in:	0 project	0	
				1 project	5.25	
				2 projects	11.25	
				3 projects and above	15	

			Rail Sector projects			
5		SECTION E Company's Experience (15)	Company's years of experience in Specialist Services as per the EME evaluation scale Relevant sectors are: Rail Sector projects	Less than or equal to 1 year (From 0 up to 24 months)	0	
				More than 2 to up to 3 years (From 25 and up to 36 months)	2.25	
				More than 3 up to 4 years (From 37 and up to 48 months)	5.25	
				More than 4 years up to 5 years (From 49 and up to 60 months)	11.25	
				More than 5 years up to 6 years (From 61 and up to 72 months)	12.75	
				More than 6 up to 10 years (From 73 months up to 120 months)	15	
6		SECTION F	Company's reference letters for the relevant Specialist Service.	1 reference	0	
				2 references	11.25	

		Company References (15)	The reference letters must: • Be located on the client letterhead • Be dated and signed by the bidder's client representative • Outline the nature of the project • Indicate the Start and End date • Be from the past ten (10) years	3 references and above	15	
7		SECTION G	Bidders to outline how they would execute Specialist Service tasks once appointed.	No information provided	0	
		Method statement		Bidder's response is majorly deficient with a significant lack in meeting the criterion	2.25	
				Bidder's response is marginally deficient	5.25	

		(15)	The method statement should respond to the Specialist Service requirements below (as previously indicated in requirement no. 3 of this evaluation table): 3.1 Preparation and review of capacity and demand plans 3.2 Analysis of passenger usage patterns (actual or forecasted) and trend analysis 3.3 Determination of cost-effective rail services in relation to the passenger	Bidder's response meets the criterion in full, but at a minimal level	11.25	
				Bidder's response exceeds the criterion in some aspects with minor additional benefits	12.75	
				Bidder's response significantly exceeds the criterion	15	

			demand and demand growth 3.4 Compilation of demand management plans 3.5 Development cost estimates and cost benefit analyses to support various operating scenarios 3.6 Analysis and interpretation of capacity utilisation plans 3.7 Develop a service plan and its capacity requirements			
--	--	--	---	--	--	--

6.6.7 Evaluation scale for the Exempt Micro Enterprises:

Table 5.5 Evaluation Scale for Exempt Micro Enterprises (EME)

Score (as %)	Score criteria
0 (No Response)	No information provided. Does not meet any part of the criterion and no supporting evidence. For experience in years, the number of years is less than or equal to 2 years.
30 (Very Poor)	Bidder's response is majorly deficient with a significant lack in meeting the criterion. Considerable reservations of the Bidder's relevant ability, understanding, experience, skills and resources required to meet the criterion, with little or no supporting evidence.
55 (Poor)	Bidder's response is marginally deficient; Deficiency of the Bidder's relevant ability, understanding, experience, skills, resources, and methodology required to meet the criterion, with little or no supporting evidence.
70 (Satisfactory)	Bidder's response meets the criterion in full, but at a minimal level; demonstration by the Bidder of the relevant ability, understanding, experience, skills, resources, and methodology required to meet the criterion, with supporting evidence.
85 (Good)	Bidder's response exceeds the criterion in some aspects with minor additional benefits. Above average, a demonstration by the Bidder of the relevant ability, understanding, experience, skills, resource, and methodology required to meet the criterion, with supporting evidence.
100 (Very Good)	Bidder's response significantly exceeds the criterion; demonstration by the Bidder of the relevant ability, understanding, experience, skills, resources, and methodology required to meet the criterion, The proposal identifies factors that will offer potential added value, with supporting evidence.

7.1 Stage 4 Evaluation of Bids: Price and Preference Point System

- 7.1.1 Bids that have met the minimum threshold of seventy-five points (75) on functionality evaluation shall be evaluated further on Price and Preference Point System.
- 7.1.2 The preference point system to be applied in this Tender is 80/20. Where 80 points are for price, and 20 points are for Specific Goals.

8 Compulsory briefing session details

- 8.1 Prospective bidders are required to attend the online compulsory briefing session and must register their representatives using the link below. Registration to attend the compulsory briefing session will close on **17 September 2026 at 14h00**. The briefing session meeting link will be sent to bidders who have registered via the link below.
- 8.2 Compulsory Briefing Session Registration Link (Click/ Press on it): [Registration to attend online compulsory briefing session for GMA/003/26. – Fill out form](#)
- 8.3 The date and time of the online compulsory briefing session is as follows:

Date	:	18 September 2026
Time	:	10h00 – 12h00

9 COSTING INSTRUCTION

- 9.1 Bidders must include their hourly rate(s) (including VAT) in their bid submissions for each of the proposed resources. Payment will be payable in South African Rands.
- 9.2 The hourly rates must be valid for the first twelve (12) months from contract signing date, which will be subject to an escalation percentage for each consecutive year. The hourly rate for services will be subject to escalation at prevailing CPI percentage on an annual basis. For professions where gazetted rates exist, these should be applied.

9.3 Where applicable, all claims for travel and other legitimate disbursement expenditure must be pre-approved by the GMA before they are incurred. All receipts are to be safely kept by the Service Provider.

9.3.1 Disbursement's will be structured as follows:

9.3.1.1 Airfare, where applicable, to be calculated at economy class rates.

9.3.1.2 Car rental (class B).

9.3.1.3 Private car usage will be reimbursed according to AA- travelling rates

9.3.1.4 Accommodation, where applicable, will be based on a 3-star hotel or Guest house with Bed & Breakfast.

9.3.1.5 Consumables such as reproduction and printing of special type to be priced separately (e.g. Engineering drawings, plans and layouts etc.).

10 TASK ORDER ASSIGNMENTS FROM THE PANEL OF ADVISORS

10.1 To ensure fairness, efficiency, and optimal outcomes for the GMA in each procurement task, Bidders who are successful to be on the panel will have a fair opportunity to compete for task orders through a competitive bidding process.

10.2 A transparent evaluation criterion for awarding specific task orders will be issued as and when required.

10.3 Only the Service Providers who are part of the panel can participate in the second-stage competition.

10.4 The contract for a specific task will be awarded to the supplier whose proposal best meets the evaluation criteria of the refined requirements at the time.

11 CONTRACT PERIOD

11.1 The services required in this RFP will be rendered on an as and when basis for the period of Five (5) years.

12 CONFLICT OF INTEREST AND RESTRICTION ON BIDDING WITHIN APPOINTED PROJECTS

- 12.1 The Project Manager/Engineer/ Technical Specialist acknowledges that, in the performance of its duties under the Agreement reached after its successful appointment pursuant to the Request For Quotation stage, it will have access to confidential, commercially sensitive, and procurement-related information concerning the Project.
- 12.2 In order to prevent or regulate any actual, perceived, or potential conflict of interest, the Project Manager/ Engineer / Technical Specialist, its affiliates, subsidiaries, parent entities, joint venture partners, and related parties shall not be eligible or allowed to submit a bid, proposal, tender, quotation, or expression of interest for any project management / engineering / technical specialist or related services arising from, associated with, or forming part of, the Project for which it is appointed as Project Manager / Engineer / Technical Specialist.
- 12.3 The Project Manager/ Engineer / Technical Specialist shall further ensure that no entity under common ownership or control, or associated, with the Project Manager / Engineer / Technical Specialist participates in any procurement process for, or plays any role in the subsequent provision of, project management/ engineering / technical specialist services related to the Project. Any bid or proposal submitted in contravention of this clause may, at the sole discretion of the GMA, be disqualified.
- 12.4 The Project Manager / Engineer / Technical Specialist shall immediately disclose any form of conflict of interest or circumstance that gives rise or may give rise to an actual, potential, or perceived conflict of interest and shall take all reasonable steps required by the GMA to mitigate or eliminate such conflict
- 12.5 For the avoidance of doubt, and without derogating from the foregoing, an entity appointed as Project Manager / Engineer / Technical Specialist for the Project shall not simultaneously act as, or compete to become, a bidder, consultant, contractor, or subcontractor for any project management / engineering / specialist service scope of work within the Project.**

13 CONFIDENTIALITY

13.1 The Service Provider acknowledges and/or undertakes that through rendering the services required by this RFP:

13.1.1 the Service Provider shall have access to confidential information; that includes but is not limited to information, documents, data, and materials of whatever nature of the parties provided in writing;

13.1.2 the Service Provider to maintain the strictest confidentiality for:

13.1.2.1 all information that may reasonably be regarded as confidential, being information not in the public domain, whether such information is oral or written, recorded or stored by electronic, magnetic, electro-magnetic or other form or process, or otherwise in a machine readable form, translated from the original form, recompiled, made into a compilation, wholly or partially copied, modified, updated or otherwise altered, originated or obtained by, or coming into the possession, custody or knowledge of either party; or

13.1.2.2 any information relating to either GMA's, present and future research, analysis, compilations and studies, development of any system, business or financial activity, product, services, market opportunities, existing and potential customers and clients, marketing or promotion of any products, product pricing, contractual arrangements, technical knowledge, strategic objectives and planning, data, plans, designs, drawings, software or hardware, know-how, methods, trade secrets, trademarks, techniques, functional and technical requirements and specifications, financial statements, budgets, costs and financial projections, accounting procedures or financial information, including know how and Trade Secrets relating to the operation of the Gautrain.

14 DECLARATION OF INTEREST

14.1 Bidders must submit a declaration of any conflict of interest, any other involvement in the Gautrain, as well as any other conflicts arising from awarding of pending bids that may affect the discharge of their responsibilities in this RFP.

14.2 Bidders must submit a declaration of any conflict of interest, any other involvement in the GMA, Concession Company, Operating Company, Transport Authority of Gauteng and the Department

of Roads and Transport, as well as any other conflicts arising from awarding of pending bids that may affect the discharge of their responsibilities in this RFP.

15 COMPLIANCE TO THE PROTECTION OF PERSONAL INFORMATION ACT ("POPI ACT")

Definitions

"Data" means all data, information, texts, drawings, and other records, which are embodied in any medium, and will include, but not be limited to, Personal Information and Electronic Data;

15.1 **"Data Subject"** means any persons to whom personal information relates;

15.2 **"Personal Information"** shall mean the race, gender, sex, pregnancy, marital status, national or ethnic origin, colour, sexual orientation, age, physical or mental health, disability, religion, conscience, belief, culture, language and birth of a person; information relating to the education or the medical, financial, criminal or employment history of the person; any identifying number, symbol, email address, physical address, telephone number, location information, online identifier or other particular assignment to the person; the biometric information of the person; the personal opinions, views or preferences of the person; correspondence sent by the person that is implicitly or explicitly of a private or confidential nature or further correspondence that would reveal the contents of the original correspondence; the views or opinions of another individual about the person whether the information is recorded electronically or otherwise;

15.3 **"POPI Act"** means the Protection of Personal Information Act 4 of 2013, as amended from time to time; and

15.4 **"Processing"** means any operation or set of operations, including collecting, recording, organising, storing, updating, modifying, retrieving, consulting, using, disseminating, analysing, or studying data, including the copying, transmission, distribution or making available to any third party in any form, merging, linking, as well as blocking, erasing or destroying any such data; and the words: "Process" and "Processed" will have corresponding meanings.

Bidders' Consent

- 15.5 The Gautrain Management Agency ("GMA") collects information directly from the bidders when submitting the Personal Information of the Data Subject during the submission of the bids. The bidders understand and agree that all information provided, whether personal or otherwise, may be used and processed by the GMA.
- 15.6 The bidders consent to the GMA collecting and processing the Personal Information pursuant to any of the GMA's ICT policies in place insofar as Personal Information of the Data Subject is contained in relevant electronic communications.
- 15.7 The GMA respects the right to privacy and therefore aims to ensure that it complies with the legal requirement of the POPI Act in collecting, processing, storing, sharing and destroying any personal information which is provided to the GMA.
- 15.8 The GMA will only collect Personal Information submitted by the bidders, for the purposes of evaluating the submitted proposals for the relevant advertised tender, the awarding of the tender to the preferred bidder and for the purposes of fulfilling its obligations in terms of the awarded contract.
- 15.9 The bidders further agree to the disclosure of the Personal Information for any reason enabling the GMA to carry out or to comply with its business obligation insofar as it is relevant to the tender.
- 15.10 The GMA agrees that it will not transfer or disclose the Data Subject's Personal Information to a third party, unless where the GMA has a legal or contractual duty to disclose such information, or it is required for its legitimate business requirements and shall comply strictly with legislative stipulations in this regard where the GMA has a legal or contractual duty to disclose such information.
- 15.11 The Bidders are required to comply with the provisions of the POPI Act fully. Furthermore, where applicable, the GMA expects that the Bidders should have obtained consent from Data Subjects to release their personal information to third parties.
- 15.12 The GMA undertakes that it has adequate controls in place to protect/safeguard the Data Subject's Personal Information it receives from the Bidders.

ANNEXURE A: BID SUBMISSION INDEX FOR THE EPMO PANEL OF ADVISORS

Bidder Name:				
Number	Discipline/service	Large Enterprises	Qualifying Small Enterprises	Exempt Micro Enterprises
		Response (Y/N)	Response (Y/N)	Response (Y/N)
1.	Project Management			
2.	Engineering: Civil			
3.	Engineering: Geotechnical			
4.	Engineering: Structural			
5.	Engineering: Transport			
6.	Engineering: Hydraulic			
7.	Engineering: Environmental			
8.	Engineering: Rail

ALTERNATIVE TENDER	<i>Word limit – [500] words</i>
Where a Bidder also submits an Alternative Tender, it must include any supplementary material, together with associated prices, which demonstrates in detail that such an alternative will fully achieve and/ or exceed all the specifications or requirements together with references as to why the alternative proposal/s may be advantageous. This should be cross-referenced to the Specification.	
CONFLICT OF INTEREST	
Provide details of any interests, relationships or clients which may give rise to a conflict of interest and the area of expertise in which that conflict of interest may arise.	<i>Complete as attached in SBD 4</i>

Register on the Central Supplier Database for Government managed by National Treasury

With effect from **1 April 2016** the Central Supplier Database (CSD) will serve as the single source of key supplier information for all spheres of government providing consolidated, accurate, up-to-date, complete and verified supplier information to procuring organs of state.

The establishment of a CSD will result in one single database to serve as the source of all supplier information for all spheres of government. The purpose of centralising government's supplier database is to reduce duplication of effort and cost for both supplier and government while enabling electronic procurement processes.

Prospective suppliers interested in pursuing opportunities within the South African Government and those that are already registered on the GMA supplier database are encouraged to **self-register** on the CSD. This self-registration application represents an expression of interest from the supplier to conduct business with the South African Government. Once submitted, your details will be assessed for inclusion on the CSD.

Access the CSD site on www.csd.gov.za

Contact National Treasury for further clarity on the process:

Email: csd@treasury.gov.za

Telephone: 012 315 5509

Bidders must submit with their proposals proof of registration on CSD. The proof of registration must indicate the following:

- CSD Supplier Number
- CSD Unique RRN

SBD 1 (A)

YES		NO	
-----	--	----	--

2.2.1 If so, furnish particulars:

.....

.....

2.3 Does the bidder or any of its directors / trustees / shareholders / members / partners or any person having a controlling interest in the enterprise have any interest in any other related enterprise whether or not they are bidding for this contract?

YES		NO	
-----	--	----	--

2.3.1 If so, furnish particulars:

.....

.....

3 DECLARATION

I, the undersigned, (full name) in submitting the accompanying bid, do hereby make the following statements that I certify to be true and complete in every respect:

- 3.1 I have read, and I understand the contents of this disclosure,
- 3.2 I understand that the accompanying bid will be disqualified if this disclosure is found not to be true and complete in every respect,
- 3.3 The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement, or arrangement with any competitor. However, communication between partners in a joint venture or consortium² will not be construed as collusive bidding.
- 3.4 In addition, there have been no consultations, communications, agreements, or arrangements with any competitor regarding the quality, quantity, specifications, prices, including methods, factors or formulas used to calculate prices, market allocation, the intention or decision to submit or not to submit the bid, bidding with the intention not to win the bid and conditions or delivery particulars of the products or services to which this bid invitation relates.

² Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill, and knowledge in an activity for the execution of a contract.

- 3.4 The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.
- 3.5 There have been no consultations, communications, agreements, or arrangements made by the bidder with any official of the procuring institution in relation to this procurement process prior to and during the bidding process except to provide clarification on the bid submitted where so required by the institution; and the bidder was not involved in the drafting of the specifications or terms of reference for this bid.
- 3.6 I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.

I CERTIFY THAT THE INFORMATION FURNISHED IN PARAGRAPHS 1, 2 and 3 ABOVE IS CORRECT.

I ACCEPT THAT THE STATE MAY REJECT THE BID OR ACT AGAINST ME IN TERMS OF PARAGRAPH 6 OF PFMA SCM INSTRUCTION 03 OF 2021/22 ON PREVENTING AND COMBATING ABUSE IN THE SUPPLY CHAIN MANAGEMENT SYSTEM SHOULD THIS DECLARATION PROVE TO BE FALSE.

PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2022

This preference form must form part of all bids invited. It contains general information and serves as a claim form for specific goal points for Broad-Based Black Economic Empowerment (B-BBEE) Status Level of Contribution

NB: BEFORE COMPLETING THIS FORM, BIDDERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF BID AND PREFERENTIAL PROCUREMENT REGULATIONS, 2022.

1. GENERAL CONDITIONS

- 1.1 The following preference point systems are applicable to all bids:
- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and
 - the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).
- 1.2 The value of this bid is estimated to not exceed R50 000 000 (all applicable taxes included) and therefore the 80/20 preference point system shall be applicable; or
- 1.3 Points for this bid shall be awarded for:
- (a) Price; and
 - (b) Specific Goals (B-BBEE Status Level of Contributor).
- 1.4 The maximum points for this bid are allocated as follows:

	POINTS
PRICE	80
SPECIFIC GOALS (B-BBEE STATUS LEVEL OF CONTRIBUTOR)	20
Total points for Price and B-BBEE must not exceed	100

- 1.5 Failure on the part of a bidder to submit proof of B-BBEE Status level of contributor together with the bid, will be interpreted to mean that preference points for B-BBEE status level of contribution are not claimed.

- 1.6 The purchaser reserves the right to require of a bidder, either before a bid is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the purchaser.

2. DEFINITIONS

- (a) **"B-BBEE"** means broad-based black economic empowerment as defined in section 1 of the Broad-Based Black Economic Empowerment Act;
- (b) **"B-BBEE status level of contributor"** means the B-BBEE status of an entity in terms of a code of good practice on black economic empowerment, issued in terms of section 9(1) of the Broad-Based Black Economic Empowerment Act;
- (c) **"bid"** means a written offer in a prescribed or stipulated form in response to an invitation by an organ of state for the provision of goods or services, through price quotations, advertised competitive bidding processes or proposals;
- (d) **"Broad-Based Black Economic Empowerment Act"** means the Broad-Based Black Economic Empowerment Act, 2003 (Act No. 53 of 2003);
- (e) **"EME"** means an Exempted Micro Enterprise in terms of a code of good practice on black economic empowerment issued in terms of section 9 (1) of the Broad-Based Black Economic Empowerment Act;
- (f) **"functionality"** means the ability of a tenderer to provide goods or services in accordance with specifications as set out in the tender documents.
- (g) **"prices"** includes all applicable taxes less all unconditional discounts;
- (h) **"proof of B-BBEE status level of contributor"** means:
 - 1) B-BBEE Status level certificate issued by an authorized body or person;
 - 2) A sworn affidavit as prescribed by the B-BBEE Codes of Good Practice;
 - 3) Any other requirement prescribed in terms of the B-BBEE Act;
- (i) **"QSE"** means a qualifying small business enterprise in terms of a code of good practice on black economic empowerment issued in terms of section 9 (1) of the Broad-Based Black Economic Empowerment Act;
- (j) **"rand value"** means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;

3. POINTS AWARDED FOR PRICE

3.1 THE 80/20 PREFERENCE POINT SYSTEMS

A maximum of 80 points is allocated for price on the following basis:

80/20

$$P_s = 80 \left(1 - \frac{P_t - P_{min}}{P_{min}} \right)$$

Where

P_s = Points scored for price of bid under consideration

P_t = Price of bid under consideration

P_{min} = Price of lowest acceptable bid

4. POINTS AWARDED FOR B-BBEE STATUS LEVEL OF CONTRIBUTOR

- 4.1 Specific goal points must be awarded to a bidder for attaining the B-BBEE status level of contribution in accordance with the table below:

B-BBEE Status Level of Contributor	Number of points (80/20 system)
1	20
2	18
3	14
4	12
5	8
6	6
7	4
8	2
Non-compliant contributor	0

5. BID DECLARATION

- 5.1 Bidders who claim points in respect of B-BBEE Status Level of Contribution must complete the following:

6. B-BBEE STATUS LEVEL OF CONTRIBUTOR CLAIMED IN TERMS OF PARAGRAPHS 1.4 AND 4.1

6.1 B-BBEE Status Level of Contributor: = ...(maximum of 20 points)

(Points claimed in respect of paragraph 7.1 must be in accordance with the table reflected in paragraph 4.1 and must be substantiated by relevant proof of B-BBEE status level of contributor.

7. SUB-CONTRACTING

7.1 Will any portion of the contract be sub-contracted?

(Tick applicable box)

YES		NO	
-----	--	----	--

7.1.1 If yes, indicate:

- i) What percentage of the contract will be subcontracted.....%
- ii) The name of the sub-contractor.....
- iii) The B-BBEE status level of the sub-contractor.....
- iv) Whether the sub-contractor is an EME or QSE

(Tick applicable box)

YES		NO	
-----	--	----	--

v) Specify, by ticking the appropriate box, if subcontracting with an enterprise in terms of Preferential Procurement Regulations,2022:

Designated Group: An EME or QSE which is at least 51% owned by:	EME	QSE
	√	√
Black people

SUPPLIER CODE OF CONDUCT

ABBREVIATIONS, TERMINOLOGIES AND DEFINITIONS

ABBREVIATIONS	DEFINITIONS
B-BBEE	Broad-Based Black Economic Empowerment Act No 53 of 2003 as amended
CEO	Chief Executive Officer
CFO	Chief Financial Officer
GMA	Gautrain Management Agency
MANCO	GMA Management Committee
PFMA	Public Finance Management Act No. 1 of 1999 as amended
PPPFA	Preferential Procurement Policy Framework Act No. 5 of 2000
SCM	Supply Chain Management

TERMINOLOGIES	DEFINITIONS
Brand Identity	Means the outward expression of a brand (which is the Gautrain brand) which includes its name, trademark, communication and visual appearance.
Conflict of Interest	Means a situation where a GMA official or Service Provider or Bidder is in a position of authority which requires him/her to exercise judgment or make decisions, or to participate in a bidding process.

	such as a committee which makes decisions, on behalf of GMA and also has (personal, financial or other) interests or obligation that might interfere with or influence the exercise of his/her judgement.
Five Pillars of Procurement	Means the holding foundation of a procurement system which are - fair, equitable, transparent, competitive and cost effective as mentioned in the Constitution of the Republic of South Africa, Act 108 of 1996, Section 217.
Purchase Order	Means a legally binding document between a GMA and Supplier, detailing the items/services that GMA agrees to purchase at a certain price point. It also outlines the delivery date and terms of payment.
Suppliers	GMA suppliers and service providers, and their employees, agents, and subcontractors, including prospective suppliers and service providers, as well as their employees, agents, and subcontractors. (Collectively referred to as "Suppliers").
Visual Elements	Means the logo and framework or architecture which specifies how it is used.

PURPOSE OF SUPPLIER CODE OF CONDUCT

The purpose of this code of conduct is to define behaviours and actions which GMA suppliers must commit to abide by during SCM processes, and, where applicable, the discharge of their contractual obligations towards the GMA.

APPLICABILITY/SCOPE

This code of conduct is applicable to all GMA Suppliers.

PREAMBLE

Whereas the GMA is committed to SCM processes that are fair, equitable, transparent, competitive, and cost effective, and to receiving value for money from all its Suppliers; the GMA desires to outline standards to which its Suppliers are required to adhere to. The GMA further expects its Suppliers to replicate these standards further down their supply chains.

5 INTRODUCTION

The GMA aims to conduct its business in a manner that is fair, equitable, transparent, competitive and cost effective (five pillars) as underpinned by Section 217 of Constitution of the Republic of South Africa, and its core values. The five pillars are not only a prescription of standards of behaviour, ethics and accountability but are a statement of GMA's commitment to a procurement system which would enable the emergence of sustainable small, medium and micro business and sustainable environment, consequently adding to the common wealth of GMA and its stakeholders.

This Code of Conduct captures the principles that the GMA expects its Suppliers to uphold. It contains globally aligned standards and guidance in each of the following areas:

- Ethics
- Labour
- Safety, Health, Environment and Quality; and
- Management Systems

6 ETHICS

Suppliers are expected to conduct their business in an ethical manner and act with integrity. Where unethical practice comes to light, a Supplier commits to taking appropriate action to report and remedy it. Ethical requirements include the following aspects without limitation:

6.1 Business Integrity

Suppliers are expected not to practice or tolerate any form of corruption, extortion, embezzlement, dishonesty, or unethical conduct of any kind. Consequently, Suppliers commit not to offer or accept bribes or any other incentives that may nullify the Five Pillars of Procurement. A Supplier is expected not to donate, on behalf of the GMA, the GMA's employees/ agents/ board members, or offer or

accept any gratification that may appear to be aimed at influencing a decision of the GMA or the GMA's current and potential business partners in the Supplier's favour. Suppliers are, furthermore, required to comply with all legal requirements applicable to them.

6.2 Conflict of Interest

Suppliers must avoid potential or actual conflict of interest. GMA must not deal directly or indirectly, with any Supplier with a conflict of interest that has been established. In the event of a Supplier becoming aware of any potential interest, during the course of a procurement process, negotiating the Supplier agreement or performing the Supplier's contractual obligations, the Supplier shall declare the interest to the GMA's management who shall take appropriate action to conduct a materiality assessment of the declared interest depending on the particular circumstances of each case. Where conflict is established management shall continue to give effect to the foregoing principle.

Failure to disclose known interest by the Supplier or submitting a false declaration shall be perceived as an attempt by the Supplier to abuse GMA SCM policies and result in disqualification from the procurement process or cancellation of contract.

6.3 Fair Competition

Suppliers shall not engage in collusive bidding, price fixing, price discrimination, or other unfair trade practices not in line with fair competition and in accordance with all applicable anti-competition laws that govern the jurisdiction in which it conducts business.

6.4 Privacy and Intellectual Property

Suppliers must safeguard and maintain confidential and proprietary information or trade secrets of the GMA and use such information only for the authorised purpose. Suppliers shall, to the foregoing end, implement measures aimed at restricting access to the GMA's confidential and proprietary information to persons requiring such access for the purpose of discharging the Supplier's obligations towards the GMA.

6.5 Reputation Management

Suppliers must acknowledge the importance and relevance of the Gautrain Brand Identity (the Brand) and visual identity. Suppliers shall, to the foregoing end, follow relevant GMA policies,

procedures, directions and guidelines to ensure that the Brand and corporate visual elements is reflected positively and appropriately in order to maintain a good reputation of the GMA.

7 LABOUR AND HUMAN RIGHTS

Suppliers are expected to give effect to the human rights of their employees and treat them with dignity and respect. This includes the following aspects without limitation:

7.1 Diversity and Inclusion

The GMA encourages Suppliers to provide an inclusive and supportive working environment and to exercise diversity when it comes to their employees as well as their decisions to select subcontractors. Suppliers are expected to act lawfully in this regard.

7.2 Child Labour Avoidance

The GMA does not subscribe to child labour. Suppliers must, therefore, comply with all minimum working age laws or regulations and not use child labour. Suppliers cannot employ anyone under the legal minimum working age for employment. The GMA only supports the development of legitimate workplace apprenticeship programs, for the educational benefit of young people, and will not do business with those who abuse such systems. Workers under the legal working age cannot perform hazardous work and may be restricted from night work, with consideration given to educational needs.

7.3 Freedom of Association

Suppliers must comply with all applicable laws that pertain to freedom of association and collective bargaining and will not discriminate on the basis of affiliation or non-affiliation. Suppliers will respect employees' rights to seek representation and will not disadvantage employees who act as workers' representatives.

7.4 Abuse/Harassment/Disciplinary Action

While the GMA recognizes and respects cultural differences, Suppliers are required to provide their employees a workplace free of harsh and inhumane treatment, without any sexual harassment, sexual abuse, corporal punishment or torture, mental or physical coercion or verbal abuse of employees or threat of any such treatment. Suppliers must treat all employees with respect and dignity and comply with applicable legislation on disciplinary practices.

7.5 Fair and Equal Treatment

Suppliers' terms and conditions of employment, including hiring, training, working conditions, compensation, benefits, promotions, discipline, termination or retirement are based on the individual's qualifications, performance, skills and experience.

7.6 Forced Labour

Suppliers will employ all employees on a voluntary basis and do not use any prison, slave, bonded, forced labour or engage in any other forms of slavery or human trafficking.

7.7 Working Hours

Suppliers commit to complying with all applicable laws regarding regular working hours, rest periods and overtime hours. Suppliers will not force employees to work overtime and employees will not be punished, penalised or dismissed for refusing to work overtime.

7.8 Compensation and Benefits

Suppliers will fairly compensate all employees by providing wages and benefits in accordance with all applicable laws.

8 SAFETY, HEALTH, ENVIRONMENT AND QUALITY

Suppliers are expected to provide a safe and healthy working environment and, if applicable, safe and healthy company living quarters, and to operate in an environmentally responsible and efficient manner. Suppliers will comply with all applicable laws and regulations pertaining to health, safety, environment and quality in the workplace. GMA recognizes its social responsibility to protect the environment and expects its Suppliers to share its commitment by responding to challenges posed by climate changes and working toward protecting the environment. Suppliers commit to continuously strive to improve performance in all these areas by integrating sound safety, health and quality management practices into all aspects of business without limitation:

8.1 Occupational Health and Safety

Suppliers will protect their employees from any chemical, biological and physical hazards and physically demanding tasks in the workplace as well as from risks associated with any infrastructure used by their employees. Suppliers will provide appropriate controls, safe working procedures and preventative maintenance and necessary technical protective measures to mitigate health and safety risks in the workplace.

8.2 Product Safety

Suppliers will make available material safety data sheets containing all necessary safety-relevant information for all hazardous substances and will be provided to GMA and other parties in case of legitimate need.

8.3 Resource Conservation and Climate Protection/Waste and Emissions

Suppliers will minimise or eliminate negative impact on the environment and climate at their source or by practices such as the modification of production, maintenance and facility processes, material substitution, conservation, recycling, material reutilisation, use of climate-friendly products, processes to reduce power consumption and greenhouse gas emissions. Suppliers will have systems in place to ensure safe handling, movement, storage, recycling, reuse and management of waste, air emissions and wastewater discharges. Suppliers will have systems in place to prevent or mitigate accidental spills and releases into the environment.

8.4 Quality Requirements

Suppliers will meet generally recognised or contractually agreed quality requirements in order to provide goods and services that consistently meet GMA's needs, perform as warranted and are safe for their intended use.

9 MANAGEMENT SYSTEMS

Suppliers are encouraged to fulfil the expectations set forth in this Supplier Code of Conduct by implementing management systems to facilitate compliance with all applicable laws and to promote continuous improvement and sustainability performance. Suppliers must communicate the principles set forth in this Supplier Code of Conduct to their employees and supply chains, and are expected to take disciplinary action against any of its employee or business partner, involved in discharging the Supplier's obligations towards the GMA, who acts contrary to the letter or spirit of this Code of Conduct.

Suppliers are expected to self-monitor and demonstrate their compliance with this Code of Conduct. Where non-compliance is detected, the GMA may, at its sole discretion:

- immediately remove from GMA premises, a Supplier who behaves in a manner that is inconsistent with this Code of Conduct or any GMA policy; or
- suspend any Purchase Order from the Supplier until satisfactory corrective action is implemented;

- terminate its relationship with the Supplier;
- facilitate the listing of the Supplier in the National Treasury Register of Restricted Suppliers or its equivalent; and/or
- report the Supplier to appropriate authorities or associations.

Suppliers are responsible for prompt reporting of actual or suspected fraud, corruption, theft, financial misconduct, dishonesty, or unethical conduct, relating to SCM processes in which they are involved, or the discharge of their contractual obligations towards the GMA, to the GMA's management, or the GMA's Fraud Hotline.

10 ROLES AND RESPONSIBILITIES
