

	ADDENDA REV 1
No. 1	INVITATION TO TENDER: E3384GXLPMAT

ESKOM HOLDINGS SOC LTD

INVITATION TO TENDER

FOR

Refurbishment and repairs of MV induction motors for a period of 5 years at Matimba Power Station and perform onsite fault finding as and when required.

ADDENDA 2

REQUEST FOR CLARIFICATION / RECTIFICATION ON CONTRACT E3384GXLPMAT

1. 475 kW Forced Cooling Compressor

The revised data reflects a configuration of **4 poles / 2,970 rpm**. Please confirm the correct pole configuration and operating speed.

- Refer to NEC under 1.4 Contract Requirements & Specification.

2. Stator Rewind Scope

On the FD, PA and Mill schedules, the new line item **“Install the new winding kit, VPI and curing”** appears together with the existing rewind/VPI line items. Please confirm whether these are intended to be separate pricing items or whether there is any duplication in the scope.

- Refer to NEC and Price list.

3. Current Transformers (CTs)

The revised schedules include the original CT replacement line, a **3-off CT replacement** line, as well as **3-off free-issue CT installation**. Please confirm the intended pricing basis and which items are to be included in our offer.

- Refer to Price list and NEC under Employer service Information 1.2.1.9

4. Onsite Fault Finding

Please confirm whether the unit rate per occurrence may be based on **1 Technician and 1 Assistant for an 8-hour working day**, inclusive of travelling time to and from Matimba Power Station.

- The tenderer to quote on what is best to offer to Eskom.
